SENATE PROBES SILENT ON MATTER

(BULLETIN)
WASHINGTON, Feb. 12.—(INS)—Sen. Young (R) N. D., today demanded a congressional investigation of the shrewd operations of E. T. Maynard, Chicago trader, who netted up to \$400,000 on the commodity market break.

Other senators said that arrangements already have been made for Maynard's appearance next Monday before a senate appropriations subcommittee investigating food gambling.

Pa Newc Observes

Today is the birthday anniversary of Abraham Lincoln. Banking and some other institutions were closed in observance of the holiday.

State police stationed here this morning announced several skidding accidents. They reported also that state highway department employees were cinderling highways which were made slippery by the rain and sleet.

Last night was probably the first night this year that the temperature didn't get below freezing. Warmer weather conditions that developed yesterday and continued throughout the night, and the official temperature recording of last night showed 32 degrees here. The weather break was a welcome relief to this area.

Dear Sir: I wish to inform you that it is nothing unusual for us to see a sled or sleigh this time of the year. The last two sleds my wife and I saw was on February 1, Sunday afternoon, on Pennsylvania avenue. We haven't seen any since due to the snow being worn off the road. We live in South New Castle Boro overlooking Clifton Flats. I thank you. Joseph Ballas, 203 Caldwell avenue.

Guarded sled riding for the kiddies continues on a number of the city streets. Emerson avenue proved a popular mecca for the youngsters of that area last evening. The watchman kept an eye on the kiddies to see that they did not get hurt.

Come spring, many of the traffic signs of the city, both state and municipally owned, will have to undergo house cleaning and in many cases replacing. The severe winter weather has taken its toll on the legibility of the markers.

Mounting ash piles in the rear of local homes at this time reveals that the greater part of the winter is over and home owners are looking toward an early spring when firing of furnaces will be over for another season.

Once again the court house clock has been turned to the correct hour of the day. For several months the clock has been seven or eight minutes slow, confusing residents who were dependent on it for the correct hour of the day.

British Forces Are Too Small To Halt Arab Bands

(BULLETIN)
LONDON, Feb. 12.—(INS)—A British foreign office spokesman said today that Britain does not have enough military strength in Palestine to drive out Arab bands who have invaded the Holy Land from Syria and Transjordan. He added, however, that Britain has made new representations to neighboring Arab countries to prevent further incursions.

Skidding Autos Pile Up Traffic

PITTSBURGH, Feb. 12.—(INS)—Numerous skidding accidents were reported today as a combination of snow and rain made outlying highways near Pittsburgh dangerous.

Nine cars piled up on the William Penn highway four miles east of Wilkinsburg, four heading east and five going west. No one was reported injured.

On three other spots on the same highway, automobiles skidded into guard rails.

The Pittsburgh Auto Club reported the Turnpike freezing and wet from Laurel Hill to Allegheny tunnel and iced in spots to the east.

Proclamation
WHEREAS, for the past 25 years the Reserve Officers Association of this city has observed the period of February 12, inclusive, as National Security Week, in which virtually every civic and patriotic group in the city has joined, and

WHEREAS, in the current unrest and uncertainty which grips the world, posing a constant potential threat to our nation and our traditions of freedom, and placing grave responsibilities upon our nation's leaders, and

WHEREAS, the needs for preserving our national strength, which must be recognized by all of our people, bring responsibilities not only to equal import to every state and every community but also to every individual citizen.

THEREFORE, as Mayor of the City of New Castle, I do hereby proclaim the period of February 12 through February 22, 1948, as National Security Week, during which it is urged that the official flag of the United States be displayed on all official buildings and at other appropriate places on city property, and that the many business, civic, and patriotic organizations demonstrate by their means their support of the ROA and National Security Week and that every citizen give every cooperation to the observance and give prayerful consideration to the duties facing us all.

JOHN F. HAVEN,

WASHINGTON, Feb. 12.—Germany's billion dollar share in the Marshall Plan became involved today in more uncertainty than any other part of the European recovery program.

The House foreign affairs committee, already engaged with the general ERP problem, was called upon to deal specifically at an early date with the German situation in order to provide legislative authority for German relief appropriations during the next fiscal year.

Want \$822,000,000 More
The pending \$6,800,000,000 Marshall Plan includes an allotment of only \$322,000,000 for the American and British zones of Germany, but an additional \$822,000,000 has been requested by the army to feed Bizonia's German civilian population.

MOSCOW, Feb. 12.—The Soviet government pressed its campaign today to place the blame for Hitler's aggression on the western Allies by charging that Britain and France "directly connived" for a Nazi war against Russia.

In an official statement the Soviets asserted that this alleged connivance with Germany proper began as far back as 1937.

Avalanche Hits Three Cars Of Passenger Train

ALAMOSA, Colo., Feb. 12.—(INS)—Three cars of a narrow-gauge passenger train, swept down a mountain late yesterday by an avalanche of snow, lay in a canyon in southern Colorado today.

The condition of ten passengers, including one child, aboard the Denver & Rio Grande Western railroad's Durango-to-Alamosa narrow-gauge train was not immediately learned, but no one was killed.

George Ottaway, the brakeman of Alamosa, was most seriously injured when the cars plunged 300 feet down the mountainside.

M. E. Morgan, conductor, of Alamosa, climbed up to the main roadbed and reached a telephone to report the accident. Also aboard was Russell Clark, an inspector.

Mosquitoes In Home Despite Zero Weather

CHICAGO, Feb. 12.—(INS)—Gilbert Crook, RAF veteran of Havlock, Ontario, Canada, where the temperature has been hovering around zero for weeks, is complaining today about the mosquitoes in his house.

Crook set down his complaints in a letter to Chicago friends. He wrote that a family doctor traced the summer pests to a cistern in the basement. Larvae apparently were hatched by the warmth of a nearby oil heater.

'Iron Curtain' Is Penetrated

U. S. Experts Believe 'Voice
Of America' Is Getting
Behind 'Curtain'

WASHINGTON, Feb. 12.—(INS)—The "Voice of America" will repeat the contents of the captured documents on Nazi-Soviet relations in 1939-41 in retaliation of Russia's denunciation of the United States for publishing the papers.

This was reported today as developments in the "word war" convinced United States experts that the "voice" has pierced the skins of the dictators behind the "iron curtain" and caused them to try counteraction.

Ample evidence to support the belief that the American broadcasts are penetrating the "iron curtain" is said to exist in many recent events.

These include Russia's 6,000 word denunciation of the United States documents and a second statement regarding the efforts of Britain to keep the peace with Hitler in 1938 at Munich which also criticized America.

Warmer Weather Aids Gas Supply

No Gas As Yet Allotted For Industrial Use In New Castle Area

If the present moderate weather continues, there is a possibility that industrial gas may be restored sometime next week, according to T. J. Foley, manager of the Manufacturers Light & Heat company.

The warmer weather of the past 24 hours has built up the pressure in the lines although nothing near the normal pressure. Continued warmer weather will bring the pressure back fast.

In the meantime the weather man keeps hinting at another cold wave in a couple of days which will reduce the gas pressure again.

The situation in brief is this: There is more domestic gas today, none for industrial uses, with a possibility that industrial gas may be back next week.

Reveal Six Million War Prisoners Have Not Yet Been Freed

WASHINGTON, Feb. 12.—(INS)—The nation's tribute today to the memory of Abraham Lincoln, the great emancipator, is shadowed by a strange, harsh fact.

More men toil in forced labor, behind barbed-wire entanglements and under the menace of gun and whip than the total slave population of the American states at the time of the immortal emancipation proclamation.

These modern "slaves" are the prisoners of war still in the hands of their captors nearly three years after the end of hostilities.

Little Assembly Of U.N. Will Now Face Acid Test

LAKE SUCCESS, N. Y., Feb. 12.—The "little assembly" established as an integral part of the United Nations on the initiative of U. S. Secretary of State George C. Marshall, will meet its acid test in the session convened for Feb. 19.

The 51-nation body—boycotted by the Soviet Union and her five U. N. satellites—is slated this time to face concrete issues on which it must formulate decisive opinions.

The "urgent" question on the agenda is that of Korea, raised by the U. N. commission in Seoul after that body found itself blocked in arranging elections through Soviet refusal to grant access to the northern area.

The Korean commission followed instructions of the general assembly precisely in turning to the "little assembly" when difficulties arose.

Murray Posts Bond Of \$1,000

PITTSBURGH, Feb. 12.—(INS)—Philip Murray, president of the CIO, today posted \$1,000 bond in federal court in Pittsburgh to assure his appearance on his indictment of violations of the Taft-Hartley Act.

Murray was indicted by a federal grand jury in Washington yesterday for alleged violations of the provision in the act making it illegal for labor organizations to "directly or indirectly" aid political campaigns.

The indictment charged the CIO with supporting the candidacy of Cong. Garmatz (D) Maryland last summer.

At the time, Murray intimated he wanted to make a test case of that phase of the Taft-Hartley act.

Seeking To Avert Transit Strike In Philadelphia

PHILADELPHIA, Feb. 12.—(INS)—Hopes of averting a crippling transit strike in Philadelphia at midnight Sunday continued glimmering faintly today.

Negotiations for the Philadelphia Transportation Co., and 11,000 workers went into their second day of wage talks since the employees agreed to a five-day postponement of the walkout first slated for last Tuesday.

Majority of them laboring in the mines and mills and forests behind the iron curtain—east and west—of the Soviet Union.

Records of the Library of Congress show that at the outbreak of the Civil War there were 3,033,760 negro slaves in the United States—114,966 in the North, 3,838,795 in the South.

Russia has 2,500,000 German "slaves" in her work gangs and prison pens and has given no indication as to when, if ever, they are to be repatriated.

Break In Weather Proves Agreeable

Minimum Temperature During
Night Just Touches Freezing
Point

Some folks might refer to it as the January thaw, although it was two weeks late for that. At any rate, local residents were pleased with the break in the weather which sent minimum temperatures to around the freezing point for the first time in six weeks, and caused them to soar to a high of 39 degrees yesterday.

It was the most protracted cold spell that has been noted here in a number of years, and resulted in a deficiency of eight and a half degrees last month, and almost the same up to the present time this month.

Local residents were hopeful that now that the backbone of the cold spell has been broken, that milder temperatures will prevail during the balance of the winter, despite predictions for colder tomorrow.

Pray For Peace

February 13 has been suggested by the United Council of Church Women as a day of world wide prayer for the peace of the world. This organization believes that a sincere appeal to the Almighty, through the medium of prayer, will solve some of the problems that have thus far resisted the efforts of statesmen.

Each day until February 13 The News will carry the comment of various laymen in the town-ship. They are: Pittsburgh Limestone company, Carbon Limestone company and New Castle Lime and Stone company.

Tomorrow is a day of world wide prayer for international peace. It is a wonderful idea, one that meets the approval of everyone who believes in Almighty God. It is said that faith can remove mountains. Certainly it can bring us peace. But we will get peace only when we beseech the Almighty for His aid, an aid that we sorely need at the present time. I trust every person who believes in God will ask His Divine aid tomorrow.

Gen. Bradley Has Birthday Today

WASHINGTON, Feb. 12.—(INS)—Gen. Omar N. Bradley has far more than ordinary reason to celebrate the birth of Abraham Lincoln today.

Like Lincoln, Bradley was born on Feb. 12.

The army's new chief of staff, to whom many Lincolnesque qualities have been attributed—including honesty, modesty, integrity, courage and a great concern for the welfare of his fellow-men—was born in Clark, Mo., on Lincoln's birthday, 1893.

Miles Of Ice In Ohio River Are Loosened

Pounding Down On Cincinnati Area—Huge Damage Feared

(BULLETIN)
CINCINNATI, O., Feb. 12.—(INS)—The ice jam in the Cincinnati harbor area was reported to have loosened and started on the move at about 12:30 p. m. today.

CINCINNATI, O., Feb. 12.—A huge ice jam broke loose at noon today in the Ohio river at Dam 36, eleven miles above Cincinnati Harbor, and U. S. Army engineers reported the jam was approaching the Queen City at a rate of one and one-half miles an hour.

In the path of the huge ice jam were boats in the Cincinnati Harbor area valued at two million dollars.

Engineers are fearful that the ice which broke shortly before noon will force loose the ice jam now extending from a point eight miles above Cincinnati to a point about three miles below the river harbor.

Mile And Half Long
The ice on the move is a mile and one-half long and is from bank-to-bank in width.

A warm rain earlier loosened masses of jagged ice floes above Dam 36, which is known as the Coney Island dam. It was the pressure of this ice which caused the jam at Coney Island to break.

U. S. engineers of the Ohio river division warned that "anything can happen at any time, as an accumulation of massive blocks tore loose from both shores of the river at 2:05 a. m. at New Richmond and went pounding and scraping toward Dam 36 at Coney Island.

The engineers said if the last night's melting rain of between 37 and 40 degrees continued, the last remaining barrier between the ice and the harbor probably would give way today.

Plan New Tax In
Mahoning Twp.
School Board Gives Notice Of Intention To Impose Tax On Coal, Limestone Quarried

Acting under the authority of Act 481, of 1947, the Mahoning township school district proposes to levy a severance tax upon coal and limestone mined or quarried in the township, for school purposes.

At the meeting of March 1 the board will vote upon a resolution levying a tax of five cents per ton upon all coal mined by the strip method. A tax of one cent per ton is proposed upon all limestone quarried in the township.

The total tonnage of coal stripped in the township is not so heavy, but it is thought that a million or more tons of limestone is quarried there by the three companies operating in the township. They are: Pittsburgh Limestone company, Carbon Limestone company and New Castle Lime and Stone company.

BOY IS SENTENCED
CAMBRIDGE, Mass., Feb. 12.—(INS)—A thirteen-year-old Ashland newsboy and honor student pleaded guilty today in Middlesex superior court to a charge of second degree murder in the "laundry bag slaying" last July 3 of Mrs. Dorothy Swenson, 41, of Ashland. Ralph E. Duchacek was sentenced to life imprisonment by Judge Edward F. Hanly.

From Augusta to Prince and points in between, from Mobile up to St. Paul, from Puget Sound to Tampa Bay, in cities both large and small, there'll be speeches to-night and poems and songs, designed to add lustre and sheen to the memory of a tall, gaunt man whose memory is ever green. And all they say, the nations across, will add not a single mite to the glory of Abe for in all our hearts his memory is constantly bright.

No words can add to that blessed name, his mission has long been done, but his stature grows as the years roll on—the weather is for-ty-one.

Holiday Gives Grain Traders Day's Respite

Survey In Major Cities
Shows Important Mark-

UNCERTAINTY ON FUTURE TREND

By GERALD B. HEALEY
(U. S. Staff Correspondent)

CHICAGO, Feb. 12.—Groggy traders in the sagging grain markets relaxed today with the exchanges closed for Lincoln's birthday, but consumers are busy discovering what the resultant food price break will do for their pocketbooks.

Indications were they will have pleasant surprises in shopping for week end supplies for the table.

Important Markedowns
Spot checks of major cities by International News Service showed important markdowns in meat, flour, butter, lard and shortening, sugar, coffee, cocoa, cereals, margarine, salad oil and live poultry.

Other commodities, including eggs, held steady on grocer's shelves, but the general trend indicated there would be further price reductions.

Business analysts refused to show alarm although the Chicago grain market underwent the biggest collapse for a seven-day period in its 100-year history.

The analysts figured the break was overdue. They saw cheaper food prices but no price change in steel and oil, the basic items in the United States industrial economy.

That didn't prevent the grain traders from being punch-drunk and jittery. In seven days they (Continued on Page Two)

North Of Frankfurt

(BULLETIN)
FRANKFURT, Feb. 12.—(INS)—Eleven persons were killed and 10 injured today when a Danish Air Lines plane en route from Copenhagen to Frankfurt crashed at Ulrichstein in the Giesse-fulda area north of Frankfurt.

The plane, a DC-3, apparently became lost in a fog.

The Bremen airfield reported hearing incoherent signals from the big craft indicating that it was in trouble. The plane was due at Frankfurt's Rhein-Main airfield at 12:25 p. m.

As soon as news of the crash became known, ambulances, nurses and doctors were sent to the scene from the U. S. military hospital at Frankfurt.

The plane was believed to have carried 17 passengers and a crew of four.

Butler Road Man Ends Own Life In Home About Noon

Eugene R. McCann, 38, Found
Dead In Room Of Home After
Shots Are Heard

State police and Coroner Charles E. Allen were called to the home of Eugene R. McCann on the Butler road shortly after noon to investigate the reported suicide of Mr. McCann.

According to police, McCann, 38, a worker at the Shenango Pottery locked himself in a bedroom about noon. Shortly after his wife heard a shot. Apparently he had shot himself with a shotgun but the wound was superficial.

Mrs. McCann went to a neighbor's home and called the state police and when she came back Mr. McCann could be heard walking around the bedroom. She pleaded for him to open the door but in an instant there was another shot, this time through the heart, according to the coroner.

It is said that Mr. McCann had been worrying a lot in the past few weeks and it is thought the worry had temporarily affected him.

He is survived by his widow, Mabel Cotton McCann, and two young children, Shirley Ann and Eugene.

When state police and the coroner arrived at the McCann home Mr. McCann was found dead on the floor of his room.

policy as the subject of his St. Paul Lincoln birthday address was calculated to highlight his major difference with Stassen. It was the first, if indirect, answer to the challenge Stassen hurled by entering the Ohio May 4 primary against Taft.

The Ohioan's explanation of granting "reasonable aid" under the Marshall plan was dramatized in a brief speech before a high school audience at Hammond, Ind. He brought applause from the students when he suggested that American aid to Europe be given with this understanding: "Why should we keep you—go to work yourselves."

close touch with the subcommittee next week.

Another senator said privately that he understood that Maynard is to be summoned to appear Monday.

In Chicago, Maynard confirmed his identification by Agriculture Secretary Anderson as the big-time trader who called the turn of the market accurately by selling a million bushels of wheat futures on February 4, the first day of the market break.

'Fine Sense of Timing'

In naming Maynard as the trader who made a "killing" on the market setback, Anderson credited the Chicago man with "a fine sense of timing," and attributed his success to that rather than to any "inside government information."

Anderson named Maynard in connection with Senate Agriculture committee testimony in which the secretary asked authority to regulate commodity market trading by fixing margins.

Anderson asserted that such authority might have prevented the severe slump in commodities.

Demand Hearings

There was a hint that the House Speculation committee also may call Maynard. Rep. Andresen (R) Minn., chairman of the House group, said he would look into the market upset. Democratic members of his committee demanded that he hold hearings to support his charges that speculators obtained information about the government's plan to cut back its purchasing.

Andersen accused Anderson of trying to "throw a smoke screen" around leaks of government grain buying information.

On the Senate floor Sen. O'Daniel (D) Tex., called on Anderson to resign. The Texas senator asserted that the government had been engaging in "a bull market operation" to "corner the market."

O'Daniel charged that the government solved the problem of getting rid of the "cornered" grain by giving it away to Europe.

Open Busy Lenten Season At Trinity Episcopal Church

Calendar; Observance Climaxes Easter Sunday

Many Services On Trinity Church

Trinity Episcopal parish and its rector, Rev. Ralph E. Hovencamp, have opened one of the busiest seasons on the church calendar with the opening of the Lenten period on Wednesday. The observance will come to a conclusion on Easter Sunday, March 28, when impressive services will take place in the church auditorium.

Each Wednesday during Lent, there will be a service at 8 p. m. in the church, with a fellowship hour and light refreshments in the Guild Hall following the service. The week day service of The Holy Eucharist will take place at the following hours during the period: Monday and Tuesday, 8 a. m.; Wednesday, 7 a. m.; Thursday, 10 a. m.; Friday, 7 a. m.; and Saturday, 8 a. m.

The first Sunday of Lent, February 15, the Holy Eucharist and sermon will be presided over by Father Hovencamp; on February 22, choral litany and sermon will make up the service; February 29, morning prayer and sermon, with sermon by the presiding bishop on a nationwide broadcast; March 7, Holy Eucharist and sermon; March 14, Choral litany and sermon; March 21, Palm Sunday, procession of palms; choral Holy Eucharist and sermon.

Services on Easter Sunday will be as follows: 6 a. m. Choral Holy Eucharist; 8 a. m. Holy Eucharist; 11 a. m. festival procession, choral Eucharist and sermon.

Other services prior to Easter, include Maundy Thursday, March 26, Good Friday, March 27, with a three hour service beginning at noon and Easter Even services on Saturday evening, March 27.

Most economists believe cheaper food prices are here to stay. Others still weren't sure. One was John A. Hartford, president of the A. & P. stores, who said:

Grocers Do Not Control

"Frankly, it is impossible for anyone to predict future retail food prices without knowing whether the current break in the commodity markets is temporary or the beginning of a general trend."

"Grocers do not control the price they must pay for food. They can lower retail prices only to the extent to which they buy wisely and keep their costs down."

Some commodity dealers said there is "serious danger of sympathetic craters all along the food line."

Labor circles were worried. With the nation's leading industries scheduled to negotiate new wage contracts the slump in prices threatens to weaken labor's bargaining position.

The general opinion was that the high point of the post-war price inflation may have been passed.

How Prices Skidded

The grain, cotton, butter, eggs and poultry markets have undergone the following changes since last Tuesday when prices started skidding:

Wheat, down 35½ to 52 cents per bushel; corn, down 30½ to 42½ cents; oats, down 9½ to 19½ cents and soybeans, down 44 to 45 cents.

New York cotton prices are \$11.25 to \$14.50 per bale lower than last Tuesday's close.

In Chicago cotton prices are \$12.50 to \$15 per bale lower.

Butter, 4½ to 6 cents down; eggs ½ to 1 cent higher; poultry, 1 to 8 cents down, according to type.

To raise the standards of living in the British territories of Africa, Britain is spending \$220,000,000 under a ten-year development and welfare plan to reach its zenith in 1955.

Lt. Allshouse Will Be Buried Saturday

Body Of War Veteran, Killed In
France, To Reach City On
Friday Afternoon

The body of First Lieut. Dennis Allshouse, aged 28 years, killed in action in Tassy, France, August 1, 1944, will arrive in this city on the P. & L. E. Railroad Friday at 3:06 p. m. and will be taken to the Joseph B. Leyde mortuary, Highland at Winter. He resided at 420 Waldo street when he entered service.

Lieutenant Allshouse was a member of the National Guard and departed from New Castle January 13, 1941 and went to Camp Shelby, Miss. He went overseas in February, 1944.

He was born in New Castle on April 12, 1919, son of Clarence and Dorothy Harris Allshouse. He lived in this city all his life, and was a member of St. John's Lutheran church.

His wife, Mrs. Betty Hughes Allshouse, survives, also a daughter, Betty Lynne; and his parents, Mr. and Mrs. Clarence Allshouse, this city. He leaves a sister, Miss Lottie Margaret Allshouse, this city.

Private funeral services will be conducted Saturday at the Joseph B. Leyde mortuary, Rev. A. E. Simon and Rev. T. J. Jones in charge. Burial will be in Oak Park cemetery.

The family will receive friends at the mortuary Friday evening, 7 to 9 o'clock.

MILLIONS SEE GANDHI CEREMONY

who converged on Allahabad, was included when one of Gandhi's sons bent low over the water and sprinkled the last earthly remains of his father from an urn.

Simultaneously there was heard a great and groan-like roar sent up from the masses thronging the banks.

Members of Gandhi's own family who went out on the Ganges in a boat immediately bathed themselves in the river water.

Pandit Jawaharlal Nehru, prime minister of the India dominion, also immersed his feet in the holy waters as a fanfare of trumpets heralded the end of the ceremonies.

Many had plunged into the water as the funeral procession arrived at the scene and others jumped in as the ashes were sprinkled.

The ashes of Gandhi's cremated body were placed on a military trailer at the Allahabad railway station at the end of the day's journey by train from New Delhi to be borne in solemn procession to the point of immersion.

But American forces in Europe turned over to France some 500,000 Germans, and most of these continue to serve French masters.

Repeated attempts have been made by the International Red Cross and other mercy organizations to bring about repatriation of enemy prisoners of war—in the spirit of that humanitarianism for which Abraham Lincoln gave his life.

GERMANY'S SHARE IN MARSHALL PLAN FUNDS UNCERTAIN

(Continued from Page One)

American zone has been provided under authority of the Hague convention of 1907, requiring occupying powers to take measures to prevent disease and unrest in foreign territories they hold.

Extension of American aid to the British zone has made it necessary for the army to seek new authorization from Congress as a legal basis for future appropriations.

Bill Submitted

A draft bill, submitted to Speaker Martin by Secretary of the Army, is regarded as unsatisfactory by leading members of the foreign affairs committee because it provides merely for a blanket grant of additional powers to the President without any expression of American policy for the occupied areas.

The committee is considering suggestions for special hearings on the German problem before writing its ERP bill so that authority for extending the recovery program into western Germany might be made a part of the Marshall Plan act.

Substitute Measure

The committee also has before it, as a substitute for the Royal bill, the proposal of Rep. Case (R) S. D., and Rep. Vorys (R) Ohio, for the creation of an independent government agency to administer American affairs in Germany outside of those of a purely military character.

Unless such legislation is passed by Congress before the time comes to deal with the Marshall Plan appropriations, no authority will exist for the \$822,000,000 relief fund for the American and British zones.

SOVIET MAKES NEW CHARGES IN WAR BLAME

The new Soviet blast was in the form of a second installment of a reply to American disclosure of seized Nazi documents which described the pre-war Russo-German treaty of non-aggression.

The Russians claimed that they also had captured Nazi documents and that the ones in their possession show how Britain and France plotted both before and after Munich to set Germany at the throat of Russia.

B. P. W. Dinner-Initiation In Castleton Wednesday

Initiation of new members marked the February dinner meeting of the Business and Professional Women's club Wednesday evening at 5:45 in The Castleton ballroom with the membership and publications committee in charge of the program.

Eight new members, bringing the club's total membership close to the 150 mark, were presented by Miss Florence C. Davis, membership chairman, to Miss Evelyn Spencer, president, who conducted the impressive candlelight initiation ritual. Those initiated are Mrs. Helene Hainesworth, Miss Anna Mae Hazen, Miss Lena Donofrio, Mrs. Mildred McClelland, Miss Ruth Cleaveland, Miss Mary McMullen, Miss Elsie Benson and Miss Vivian Thomas.

Dinner was served to more than 80 at tables colorfully decorated in the club colors of blue and gold.

Preceding initiation the publications committee, Miss Eleanor Smith chairman, presented the playlet, "Why I Wear the Emblem", enacted by a cast composed of members of the committee. Miss Nora Hodge, Miss M. E. Norris, Mrs. Helen Usselman, Miss Shirley Cartwright, Miss Bonita Saul, and Mrs. Ruth Garrity Johnson.

The playlet set forth the purposes and ideals of the club and its aim, "a better business woman in a better business world".

A solo by Miss Myrna Kelly, "The Golden Key", climaxed the initiation ceremony and presentation of a wedding gift to Mrs. Johnson, a recent bride, brought the program to a close.

Two selections by the club's newly organized sextet, composed of Miss Beatrice Bruce, Miss Ruth Drescher, Miss Mary Martin, Mrs. Mabelle Bollard, Miss Kathryn Newbury and Miss Olive Webb, received with warm applause, opened the after-dinner program following two singing led by Mrs. James VanGorder.

Miss Lucille Emery, program coordination chairman, introduced the new sextet.

During business, with Miss Spencer presiding, the club voted a contribution of \$10 to the foreign exchange student fund.

Announcement of plans for the style show to be given Thursday evening, March 11, in the dining room of the Scottish Rite Cathedral, was made by Miss Mary Bigley and tickets placed in the hands of members. Sponsored by B. P. W., the show will be presented by the Strauss-Hirshberg company.

NEWLYWEDS FETED AT SCHOOL DINNER

Honoring Mr. and Mrs. Ernest Raulerson, nee Helen Clarke, the entire staff of Lincoln-Garfield school assembled for a lovely dinner in the dining room of the Mansie near New Wilmington Tuesday evening. Decorations were carried out in the southern resort motif.

Dinner was served at 6:30 o'clock at a U shaped table in the dining room before a large open fire in the fireplace. Covers were laid for 28 and placecards marked each place.

Bowls of white mums, snapdragons, and carnations flanked by white candles in clusters of the same flowers decked the dinner table.

Because the marriage of the guests took place last month in Florida, clever resort scenes carried out in miniature were an added feature of the decorations.

Contests and games offered diversion following dinner and at the close of festivities, a gift from the group was presented to the new couple by Peter Grizzle, Jr.

Special guests were Mrs. Peter Grizzle, Jr., Mrs. Elmer Kerr, Mrs. Robert Sheehy, and school nurses Miss Thelma Boyd, Mrs. Alice B. Brunswick, and Miss Helen Wilson.

Social committee in charge of arrangements was Miss Emma Maxwell, Miss Jennie Kivisto, Miss Mae Book, Miss Belle Montgomery, and Miss Grace McCabe.

VALENTINE PARTY TELLS ENGAGEMENT

Mrs. John Zedick of 932 Marshall avenue has announced the engagement of her daughter, Margaret Zedick, to John L. Doran, son of Mr. and Mrs. Edward F. Doran of 942 Marshall avenue. No date has been set for the wedding.

The announcement was made at a valentine party given by Mrs. Zedick. The table was decorated with the arrangements of a valentine motif and a sweetheart cake was the centerpiece.

Miss Zedick graduated from New Castle high school and is now employed at the Shenango Pottery company. Mr. Doran graduated from New Castle high school, served four years in the U. S. Army and is also employed at the Shenango Pottery company.

B. & O. VETERANS HAVE ANNIVERSARY

B. and O. Veterans and Martha Horvath auxiliaries No. 30 gathered Wednesday evening in St. Margaret's hall, Liberty street, for their seventeenth anniversary party.

Members of the Eintracht Singing society pleased with several musical selections. Later games were enjoyed with trophies being awarded Miss Shirley Wolfe, Mrs. Isaac Bowman, W. O. Wolfe and Vernon Long.

Refreshments were served at the close of the evening. Mrs. Charles Gee, Mrs. Donald Warnock and Mrs. O. L. Murphy were responsible for arrangements.

Next assembly will be a thirteen dinner Wednesday evening, March 10, in the hall.

WIMODAUSIS TEA

EVENT WEDNESDAY

February tea of Winodausis took place Wednesday afternoon in the Scottish Rite Cathedral, opening at 2:30 with prayer and the salute to the flag with Mrs. Walter Gilmore presiding.

Turned over to Mrs. Glenn R. Weber, program chairman, the program was opened with a summary of Lincoln's life given by Mrs. Webster, who then introduced Miss Marjorie Van, who played as a piano solo, Debussy's "Clair de Lune."

Next on the program was a group of two solos sung by Miss Peggy Ezzo, "Make Believe" and "Glennina" Miss Van as accompanist.

Following these, Miss Carol Young favored with two readings, "Betty and the Ball Game" and "Insurance Policy."

Installation of new officers conducted by Mrs. Frank Woods, first president of Winodausis, climaxed the program. Officers installed are: president, Mrs. Walter Gilmore; first vice president, Mrs. Maurice Boyd; second vice president, Mrs. Roy Warnock; recording secretary, Mrs. W. A. Strimater; financial secretary, Mrs. Warren Broadbent; treasurer, Mrs. George Lyon; board members, Mrs. Frank Woods, Mrs. Harry McFeaters, Mrs. W. H. Jenkins.

Invited to the dining room, tea was served to the assembly from a silver tea service on a table prettily appointed with a lace cloth and centered with a centerpiece of red and white carnations with tall white candles in crystal holders on either side. Mrs. Frank Woods and Mrs. Walter Gilmore poured. Tea refreshments were all in keeping with the valentine motif.

On the committee were Mrs. Roy Long, chairman, assisted by Mrs. M. M. Ingham and Mrs. W. H. Martin.

Next meeting will be March 10.

ANTIQUE DISPLAY AT HOME GROUP TEA

One of the most interesting and stimulating meetings of the American Home and Education department of Woman's club was a "bring your treasure" tea in the home of Mrs. E. L. Thompson, 133 Euclid avenue, Wednesday afternoon. Each guest brought to the meeting a cherished antique and participated in the discussion by telling something of its history.

To open the program, Mrs. Thompson gave an informal talk on her collection of lovely glass and china pieces and showed the group a display of pieces and applied quilts in a variety of famous old patterns.

Each member in turn told something of her own treasured article. Most of them necessarily small in size, the assembled display contained many lovely objects including Bohemian glass, woven goods, plates, vases, a watch, a ring, Dresden figurines, brass candlesticks, etc.

A group of about 40 department and Woman's club members and guests participated in the discussion.

At the close of the afternoon tea was served from a pretty table centered with a bowl of red and white carnations in a crystal swan container and twisted ivory tapers in crystal holders.

Mrs. Fred Bell was a special guest.

Committee for the afternoon was Mrs. Guy W. McCracken, Mrs. John Woods, Mrs. Charles Breneman, and Mrs. John D. Ingham.

Later this spring the department plans a tour through Shenango Pottery, the date to be announced.

UNION TOWNSHIP AUXILIARY GATHERS

Union Township Firemen's auxiliary was entertained in the home of Mrs. J. H. Filby, King avenue, Wednesday evening, when there was a large attendance.

During the business session, conducted by Mrs. Francis McPheeters, president, plans were made for two special projects, one on February 28, and the other at the Union Township high school March 10. Mrs. Victor Hanna, Mrs. Louis Krueger and Mrs. William Aeppli were named as the nominating committee for election of officers on March 10. Mrs. John Sniezek is in charge of another undertaking for the group.

Games were enjoyed later with trophies being awarded Miss Mary Tabisz and Mrs. J. T. Clark. Refreshments were served by Mrs. Filby, Mrs. Robert Decker and Mrs. Kenneth Gaston, hostesses.

1919 Club Assembles

Mrs. John Sweet, Fern street, entertained members of the 1919 club Tuesday evening in her home.

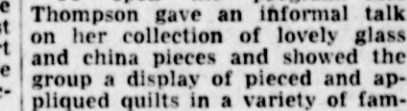

Mrs. Phoebe Seroka received a prize for a valentine game. Trophies for cards went to Mrs. Ralph White and Mrs. Lizzie Covert. Mrs. Agnes Lorenz aided in serving lunch.

Mrs. Ralph White, Glenmore boulevard, will entertain the group at her home Tuesday evening, February 24.

SHOWER REVEALS FEBRUARY 28 DATE

Miss Shirley Jean Fox was feted at a lovely shower in the home of Mrs. Don M. Rae, 1715 East Washington street, Tuesday evening when the wedding plans of the bride-elect were revealed.

Early in the evening two tables of cards were in progress and for scores prizes were awarded to the Misses Helen Reinhard, Jean Baker and Naomi Hunt and Mrs. Josephine Osborne.

Preceding card play, Miss Hunt played popular selections on her accordion.

Presentation of a number of pretty and useful gifts of a miscellaneous nature to the honoree highlighted the latter part of the evening.

Miniature corsages, bearing the message, "Shirley and Eddie—February 28" marked places for 12 guests at a prettily appointed table decorated in the valentine motif.

Centering the table was a large heart-shaped cake. Mrs. Wilford Allshouse aided the hostess in serving a dainty lunch.

Miss Fox, daughter of Edmund F. Fox of the Harbor, will become the bride of Edward Hutchinson of Canton, O., son of Mr. and Mrs. Carl D. Hutchinson of 406 North Liberty street, at a ceremony to be solemnized in the parlors of the First Presbyterian church on February 28.

DIBERNARDO-ROGERS ENGAGEMENT KNOWN

Mr. and Mrs. John DiBernardo of Hillsville announce the engagement of their daughter, Mary DiBernardo, to John Rogers, son of Mr. and Mrs. Anthony Rogers of Lovellville, O.

The announcement was revealed on her birthday, and the engagement will terminate in a wedding on April 10.

NA-RA-CO GIRLS' VALENTINE PARTY

On Wednesday evening a lovely valentine party was given for the Na-Ra-Co Girls by Miss Adele Kedar in her home on East Washington street.

During the evening, games and dancing were enjoyed by the girls.

Two special guests were Mrs. Clara Yerage and Miss Irene Snow, recent members of the club. They were presented with several lovely gifts by Jilda DePolis and Phyllis Spencer in behalf of the girls.

At an appropriate hour the hostess served a delicious lunch, the table being decorated in the valentine motif. She was assisted by Mrs. Grace Simpson and Miss Helen Kedar.

Committee in charge of entertainment was Pauline Drown, Geraldine Abraham and June Shoaff.

Next meeting will be held on Wednesday, March 10, in the home of Mrs. Grace Simpson.

NE-CA-HI PLANS SWEETHEART SWING

An aura of mystery and suspense surrounds the preparations for the "Sweetheart Swing" sponsored by Ne-Ca-Hi student council to be given on Saturday evening, February 24, in the Scottish Rite Cathedral ballroom for all high school students and alumni.

The suspense is due to the fact that a "Mr. Hush" has been selected from among the student body by the committee in charge, his identity to be revealed at the dance.

Music for dancing will start at 8:30.

Extensive preparations for the Valentine day event are being made by the committees in charge. Miss Barbara Marquis is general chairman.

Q-Jeans Club Assembles

Q-Jeans club was entertained Wednesday evening in the home of Mrs. Theodore Turco, Cunningham avenue.

Cards were in play with a prize going to Miss Anne Turco. Mrs. Olga Secochera received the club token. Using the valentine motif, the hostess, aided by Mrs. Rudolph Eagan, served a tempting lunch.

The group will have a dinner party Wednesday evening, February 25, in a local dining room.

In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

One of the greatest unsolved diplomatic mysteries of modern times—the removal of Maxim Litvinov as Soviet foreign minister just before the Nazi invasion of Poland—came in its renewed study and speculation today.

In its 6,000-word statement issued to offset American publication of secret Nazi foreign office documents dealing with Russo-German collaboration between 1939 and 1941, the Soviet information bureau dealt in a strange manner with this old-line bolshevik statesman.

He was dismissed and replaced by V. M. Molotov, the statement said, because the troubled times called for a foreign commissar "with greater experience and greater popularity in the country than Litvinov."

Comes As Surprise

This explanation came as a great surprise to many observers. Actually, and in point of fact, Molotov was an untried novice in international affairs as compared to Litvinov.

A former ambassador to the court of St. James, with an English-born wife from the highest cultural strata, Litvinov enjoyed a prestige abroad that few Soviets have boasted before or since.

He was one of the guiding stars of the League of Nations and did as much as any man to keep that ramshackle structure together amid strain and stress.

So far as personal popularity is concerned, he is even more difficult to fathom.

Litvinov Was "At Home"

A born story-teller and a keen diplomat with a great sense of humor, Litvinov was entirely at home in the most intellectual atmosphere.

But he was as plain as a barn door when he wanted to be. His massive smile was well-known from one end of Europe to the other.

And Stalin, although he likes to smile and joke himself, may have felt that all-out, merciless, total war called for somebody with the granite visage and resolutely communistic single-mindedness like Molotov.

The Soviets insist most vehemently that they alone have tried consciously to maintain peace and goodwill among the wartime allies.

Molotov Contributes Little

But even the most optimistic apologist could hardly pretend that

Molotov as an individual has contributed much to friendly relations and mutual understanding.

His icy personality, his bodyguards, his frequently illogical argumentation and his continual propagandizing ruffled many otherwise quiet tempers throughout the years.

The one fact that remains is that Litvinov was dropped, suddenly and entirely. But the explanation that is given is no explanation at all—merely another twist of the old-time Soviet "ridiculous inside of an enigma."

Who is wise?

What will tomorrow bring? Can all the knowledge, all the education, all the culture of the world foretell what is in store?

This is being written on the Overland Limited, on the way from San Francisco to Chicago. The train is going about 60 miles an hour.

There is air conditioning, a club car, two diners, porters, waiters, a barber—and you can even have your pants pressed while you sleep.

Last night we had a luscious steak on the train and all the other trimmings of a luxurious meal.

Parallel with our track runs a smooth concrete highway—think it is the Lincoln Highway.

Streamlined automobiles race along the road, and overhead there is an airplane that is even faster than our train and the automobiles.

But—This is what Daniel Webster said in the United States Senate in the 1850's when the first transcontinental railroad was proposed.

Daniel Webster, as you know, was one of the wise men of his day.

"This is what he said: 'What do we want of that vast and worthless area that region of savages and wild beasts, of shifting sands, of whirling winds, of dust, of cactus, of prairie dogs? To what use could we do with the western coast of three thousand miles, rockbound, cheerless and uninviting?'

"Thank God that the great stony mountains would ever be the impenetrable barriers between the East and California!"

Yes, Daniel Webster was a wise man, indeed.

Just as hundreds of wise men tell us today that there is no more opportunity.

Just as hundreds of wise men seem to tell us to be resigned to our fate and make the best of what our forefathers have done and that the age of pioneering, of enterprise and of courage is over.

I wish you could have been with me out in California and listened to the dreams some of the young men I met are dreaming.

One of them, a plumber and heating contractor, pointed at the hills through which we were driving.

"See those houses up there, those hundreds of houses?" he said.

"Five years ago those hills were covered with mesquite and madrone and shrub oaks. Today homes—each one with lumber and plumbing and heating. Each one with furniture and rugs, and people living in them."

"Look at those bare hills over there. In another 10 years there will be houses on them too, and thousands of people will be living in them."

"What a chance! What an opportunity! And, by golly, I am going to get in on it."

Let me tell you something. There are no barriers to the enterprise of men.

There are no vast and worthless areas any more. Science, courage, enterprise and industry are good for hundreds of years more and opportunities are greater than ever.

From Me To You

By MESEALL

Many arrangements must be made when a day such as Friday is to take place . . . all over the world men and women are finishing up arrangements so that the World Day of Prayer programs will take place without a hitch. Here in New Castle Mrs. Norman Zeigler is president of the local group of the United Council of Church Women . . . sponsoring group of The World's Day of Prayer.

There are some people who will not be in a position to attend a church tomorrow . . . some will be working at such times as will make it impossible to attend a church meeting . . . But let's remind ourselves that prayer can be offered in that case outside the church . . . those who are unable due to health can also help our world by offering a prayer . . . One grand lady . . . past-president of the local UCCW Mrs. Howard McGill . . . we know you will be unable to attend a church meeting but her prayer will be for all of you good people.

Here is a prayer suggested: FATHER OF ALL MANKIND, we come in deep humility, giving Thee our thanks and praise. Here and now we confess our sins. Forgive us our mistakes and transgressions. Grant us faith to look with fearless eyes beyond the chaos of our world and time, knowing that out of this shall rise, lifted by Thy grace, Peace with Justice and a Time of Brotherhood.

VOICHSAFE unto us the will to work together. Create within us the unselfish purpose of Thy Son who gave His life for all peoples, and may our deeds reflect the mind of Christ. Remove from us greed and suspicion. Lift us above pettiness and destroy the hate that is the great destroyer.

THROUGHOUT the earth may that which we profess come alive in human relations. May we serve Thee better and love Thee more, that Thy kingdom may come on earth as it is in Heaven, through Jesus Christ Thy Son, our Lord. AMEN.

Washington Calling

(By MARQUIS CHILDS)

Doubts On European Recovery

WASHINGTON, Feb. 12.—A single word sums up the doubts and uncertainties that today plague the European recovery program. That word is fear.

Policy-makers in the state department are afraid of congress. Republicans in congress who have carried the burden of leadership of the recovery program are fearful that a little band of Republican senators mean to pare the program down to mere breadline dimensions. Back of this is the fear of an irreparable split in the party in a year when victory seems so close.

Nothing illustrates these fears so well as the recent off-again-on-again business over a proposed new meeting of the sixteen Marshall plan nations in Europe. It shows a pathetic lack of the kind of boldness that is called for if the western world is to triumph over the forces of deterioration and decay.

Europeans Are Criticized. Over and over again in this country the Europeans are criticized for their failure to get together on practical measures of cooperation. Thoroughly aware of this criticism and its bearing on the national attitude toward aid to Europe, certain leaders in France pressed for a new meeting of representatives of the Marshall plan countries.

With the help of Allies in this country, pressure was put on London, where there was reluctance. Foreign Secretary Ernest Bevin's fine words about a western European union were to mean anything, it was argued, than a healthy demonstration of practical cooperation right away would be in order. Finally a meeting was agreed to.

They Say

WASHINGTON—Gen. Dwight D. Eisenhower bids farewell to his troops: "What they have done to preserve their country from its enemies and to free their world from evil tyrannies is written large in human history."

CLEVELAND, O.—CIO President Philip Murray says a third party, to succeed, must spring from the masses: "All a third party can do in 1948 is splinter and split and divide the labor movement."

WASHINGTON—Agriculture Secretary Anderson angrily replies to Rep. August Andresen (R-Minn.) who charged speculators profited by inland government information: "Again I charge him with bear-hunting with an empty gun. I challenge him to produce one man."

MIAMI, Fla.—Charles Boyer, annoyed by bursitis, announces at the age of 47 that love is beginning to bore him: "I'm too old for romance. I find it dull, boring and overdone. Its even embarrassing to find myself written up as a romantic figure."

One Man's Opinion

By Walter Kiernan

When Mr. Truman ends his good will tour of Cuba, the Virgin Islands and Puerto Rico he may have to take on Georgia, Alabama and South Carolina.

The south doesn't mind the president disagreeing with 'em but they hate to see a Missouri boy disagreeing in a northern accent.

Dixie Democrats are even talking about holding their own convention and southern frying the regular Democratic candidate.

There's nothing in the book that says electoral college representatives have to vote with the faculty. That means a block of independents could elect anybody.

And if that doesn't send Alf Landon running out for fresh strings for his banjo I don't know what will.

"Oh Susannah" would sound good on the electoral college campus on the night of the big game.

But I don't believe it's true that there's a torn copy of "That's What I Like About the South" under the White House piano.

Jobs Upon A Time

Sigmund Romberg, Hungarian born composer of light operas, had a hard time when first he came to America. To make a living he was forced to take a job running a cutter in a pencil factory at \$7 a week. Now times from his opera "Matinee," "Desert Song," etc. are among the most popular tunes heard over the air. Sonja Hente, while she had been a figure skater from childhood, was trained as a ballet dancer in Norway and England.

Lincoln's Birthday Thoughts

By PAUL GALICCO

Today is the birthday of Mr. Lincoln. He was a man whose mind and strength of character one can revere.

But did you ever stop to consider what life in America would be like today had Mr. Lincoln been less strong, if he had permitted the Southern States to secede from the Union to form a nation of their own with the United States cut in half on a border roughly following Virginia, Tennessee, Arkansas, Oklahoma, New Mexico, Arizona and the lower half of California?

You probably would not need a passport to cross the National Boundary between Washington, D. C. and Alexandria, Virginia, but your train would stop and the Customs Officials of the Confederate States of America would come aboard and ask you to open your luggage for inspection.

Would Be "Frisaked" At Border

I cannot imagine what they would be looking for since the Confederacy would have an agricultural economy as opposed to the industrial economy of the United States, but you may rest assured you would be frisked for SOMETHING, probably tobacco, to make sure you were not bringing any competing Massachusetts leaf into Virginia. It's a nice little racket, this customs frisk at the border and no nation has ever neglected it. Non-existent as is our border mentally with the Canadians, Customs hounds on both sides of the line work 24 hours a day.

And of course, it would work both ways. Travellers coming up from Georgia or Tennessee would be asked to display their belongings to the U. S. Customs boys who would be looking for contraband cutlery, nylon, corn liquor, processed cotton and anything else we could think to stick them for.

Would Be "Frisaked" At Border

An Immigration Official wearing a cap with a gold badge would walk through the train picking his head into compartments and asking, "United States Citizens, please." When you held up your hand he would ask, "What is the purpose of your visit to the Confederacy? Pleasure, eh? Going to Miami? And how long do you expect to remain there? How many U. S. Dollars have you with you? I see, Thank you, sir. And where will you be staying in Miami? Thank you. That's all. Pleasant stay in the Confederacy." Your Southerner would be exposed to the same mumbo-jumbo in Washington, because when you have a border you've got to be pretty darned official about it. You might wait until you arrived in Miami to change your United States dollars into Confederate dollars, but probably for convenience there would be an exchange booth at Alexandria so that you could get enough Confederate money to pay for meals and tips on the train. Impossible? Not at all. Canadian and American money is not interchangeable. Try handing somebody a Canadian quarter in our town.

How Would We Be Getting Along?

How would we be getting on with our Southern neighbors in the Confederacy? One wonders. Slavery would long since have been abandoned in the Confederacy, but there might have been little love between the two peoples because the agricultural South would have depended upon the industrial North to market its cotton, tobacco, rice and peanuts and it would have been a buyer's market and the seller would not have loved us for keeping him poor.

We might have kept away from one another's throats until the Great Discovery that would have restored the balance, the gasoline engine, and the Petroleum Age. And then the Confederacy would have been rich because practically every great oil field and oil producing region in America is located in the South. Every drop of gasoline for your car, or oil for your furnace would bear the label "Exported by the Confederate States of America." And it would cost you plenty. You might not. Didn't the Northerners put the screws on the South when it had the power? We are not all brothers, yet.

But we are more so in these United States today than we would have been had Mr. Lincoln not had a birthday, and for that I am glad with all my heart.

LINCOLN'S BIRTHDAY

In times that may not come again. In boyhood's happy, care-free way. We looked on Lincoln's birthday then As just another holiday.

There was a martyred President The country loved long years ago. But little more his birthday meant Than this: a holiday we'd know.

I wonder, from those regions blest Should he behold us, as he may. What tribute would please Lincoln best From us who honor him today?

I'm sure, with freedom still at stake, If he could speak to us, he'd ask That from our honored dead we take Increased devotion to their task.

Remembering Lincoln on this day, Let us, the living, pledge again. Highly resolve and dare to say Our dead shall not have died in vain. (Copyright, 1948, Edgar A. Guest)

Renews Attack On Army Waste

**Congressman Renews Attack
With Stories Of Waste
By Former G. I.'s**

By GEORGE MOISE
(U. S. A. Staff Correspondent)

WASHINGTON, Feb. 12.—(INS)—Rep. Engel (R) Mich., chairman of the House Armed Services Appropriations Subcommittee, renewed his attack on "army waste" with complaints from former G.I.'s telling of winter underwear in Guam, flying Louisiana rice to China and transporting empty pop bottles from Alaska to the United States.

Engel, who clashed last month with Maj. Gen. George J. Richards, army budget officer over alleged "army extravagance" during the war, read excerpts from letters by former army personnel.

Without identifying the complainants, Engel cited the following charges:

Winter Underwear For Guam

"On Guam, which is in the tropics, came loads of winter underwear. Was it returned as a mistake or sent to needy people? No, it was put in the dumps—a most useful place for everyone to look for what they needed. The underwear was used for greasing and cleaning planes and machinery."

From a former pilot in the China-Burma-India area:

"As a Hump pilot who was stationed in Assam for a year and flew a full share of unnecessary trips to China, I was glad to see some of this information made a public record. Flying Louisiana rice to China seemed a little like carrying coal to Newcastle at that time. However we're taking the coal to Newcastle now and it may be that those Hump boys were just a little ahead of time."

From Port Orchard, Wash:

Transport Coke Bottles Back

"I was employed by the army in Alaska on a tug boat. It's just one big holiday to be a member of these crews. While army parkas and clothing as well as machine guns and equipment were being destroyed, coke bottles were being transported back to the mainland."

From Alford, Texas:

"One man who was stationed at Dutch Harbor, Alaska, came home on furlough during the time tires

were the scarcest for civilians and stated that one could walk for twenty five miles on new tires that had never been unwrapped but that were floating along the shore."

From San Carlos, Calif:

"Andrew J. Rogers of Grass Valley called on me one evening and showed me data he had gathered. He is a carpenter and worked in army camps here in California. He told me about lumber that would be hauled in and crews would work pulling out the nails—and then the lumber would be hauled to piles and burned."

New Blood Pressure

Life-Saving Method

Has Been Perfected

CLEVELAND, Feb. 12.—(INS)—

Cleveland physicians announced the development of a life-saving method for lowering or raising blood pressure during operations through mechanical means.

The method was developed thru research work headed by Dr. Irvine H. Page and Dr. Otto Glasser of the Cleveland Clinic Foundation.

The method has value in the control of arterial pressure during heart operations through the withdrawal of the patient's blood with the artery kept open throughout the operation.

Could Raise Pressure

Should the blood pressure fall too low at any time, enough blood could be returned to raise pressure to the desired level. The method has been applied successfully to control of bleeding during brain operations as well.

Lowering pressure by withdrawing blood before an operation, the doctors reported, often has proved helpful in certain cases in which bleeding is likely to be profuse or difficult to cope with.

Movie Executives

Are Taking Cuts

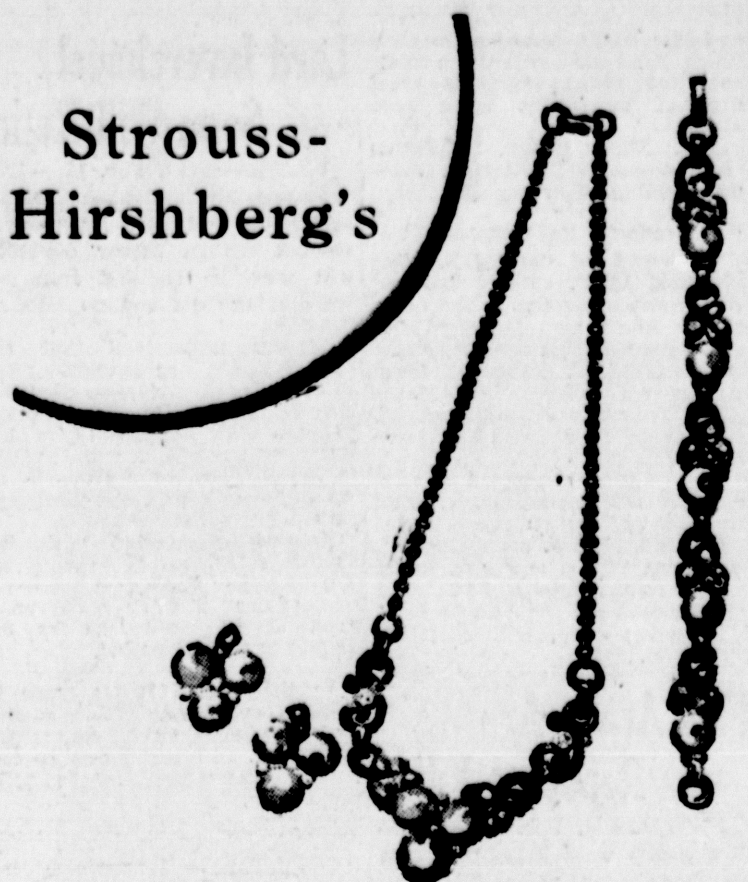

HOLLYWOOD, Feb. 12.—(INS)—

Top studio executives for Producer Samuel Goldwyn acknowledged today they had taken a 50 per cent cut in salary at Goldwyn's request.

Goldwyn said the 50 per cent weekly cuts were "in the interests of security in the film business."

Those affected were writers, directors and actors with long-term contracts.

IN THE OPEN

A chill wind fumed out of north, cooling the ardor of the bright February sun. Spice bush and nannyberry trembled in its path as it came veering straight up the valley, skidding along on the thaw-crusted snow. The tall poplars by the roadside fell victim to the icy fingers of the boreal harpist. They offered a day-long concert which ran the gamut of wind music from muted murmurings to the full crashing maelstrom with all the stops out.

The countryman sees his stored potatoes sprouting in their containers and knows why the Anglo-Saxons called this the Sprout-Kale month. To the red men, who wintered in these valleys in their rude bark dwellings, this was the Hunger Moon.

Seeks Southern Slopes

Almost instinctively the countryman seeks the southern slopes as he stalks out to take the pulse of the brisk February afternoon. Old Sol plays favorites while swinging north for his date with the vernal equinox. The winter birds know this, and spend a great portion of their time in the thickets facing south. The fox has also learned this lesson well. It's no use to look for this sly fellow on the "dark" side of the hill. He'll curl up in the lee of a protected windbreak, picking up his February sun tan. Something has gone amiss with

the songsparrow preview of what the fencepost songsters are planning for 1948. Usually by this time I hear one or two of the bolder members of this clan piping a tentative chant from the thicket behind the house. The Carolina wren has been waking the echoes up and down the valley, and the tufted titmouse is once again singing his "wheedle" song. Perhaps the song-sparrow union has banned any further vocal recordings until better feeding tray conditions have been secured.

Bundled Against Wind

I bundled against the wind and visited for a time with the prairie horned larks which have made merry all during the gray days of January in the upland fields of the neighboring farm. Here they have found good hunting among the straw litter broadcast by the manure spreader. These fellows are walkers, and it is quite a sight to see them darting about through the snow.

I have not yet heard the sky-music of this lark, which some writers have described as a glorious courtship song rivaling that of the famous skylark of England. These little horned fellows nest in March, so it won't be long until I'll have an orchestra seat for this unique performance.

The snow still lay heavy on the bottoms behind the house. I clambered across the fence and plodded through the teazel patches to the creek side. The wide stream has taken on its yearly task of absorbing the thaw runoff, although the mercury has stayed consistently low enough to make this a slow process.

Noticed Pair Of Crows

Earlier in the day I had noticed a pair of crows prospecting along the edges of the rim ice, but there seemed to be no indication of any provender rolling out to the river on the swelling stream. I moseyed about for a time among the few tall sycamores which have lived in this valley for many, many years, and then crossed back through the field to my own fences.

The unmistakable snow signature of the skunk portended where one of these easy-going grub hunters had swaggered from the protection of a wind-fallen tang across the open field. I followed along for a few rods but the trail was simply the recording of a devious and uninteresting journey. The precise tracks of a prowling house cat crossed through the wire fence at several points.

Distinctive Feature

One of the most distinctive features of the February landscape is that solid Yankee citizen, the crow. While the hand of every so-called sportsman is against him, this rickety sable-coated neighbor is quite capable of taking care of himself. The countryman hears his cheery clarion call of a frosty morning and salutes a fearless colleague.

There is a certain small brush-pile on the flat perhaps a hundred yards directly behind our valley home. A crow flew down there one day recently, walked about in the snow and then took a stance just above an opening into a small burrow beneath this trash. For several moments the wise bird stood there motionless. Then suddenly that black head darted down and a careless meadow mouse had ended his career. The crow flew on to the far hillside with his trophy, followed by two members of his gang who had seen him make the kill.

Oak Streeters Are Ready For Meeting In School Saturday

Arrangements Completed For Valentine Party For Former Students Of East Side School

All is in readiness for the mid-winter gathering of the Oak Streeters, former students at the east side school, which will be in the form of a valentine party, the officers of the association state.

Every feature is molding up nicely. President Elizabeth Knobel Kleckner states, and all the committees are working hard on some novel ideas to make the event pleasing and successful, with an evening of good wholesome fun.

This will be a family affair, and Oak Streeters who are 30 years of age and older, with their families are expected to attend, no invitations having been mailed for the event.

Sheriff Jewie Coen has promised to be on hand to see that affairs are started in an official manner, and "Lil" Buckner has promised some novel group singing arrangements, with all the "Jolly Boys" prepared to harmonize.

Walt DeArment, Garve Ligo, Ed Bartsch, Eleanor Coen, Art and Faye Fennick are Anna Drye Martin's cafeteria assistants, and the new Mrs. Raulerson, nee Helen Clark, will be in charge of the table decorations.

The reception committee includes Miss Iretta V. Dart as chairman, assisted by Misses Cora B. Andrews, Maude Young, Alice Sterling, Anna Cox, Mattie Pascoe, Margaret Hogue, Martha and Claire Smythe, and Hazel Stoltz Rodgers, Mrs. Charles Martin, Miss Mary Martin and Mr. and Mrs. John N. Cornelius.

Expect Agreement On Tax Sale Funds

County And City Conference Expected To Bring Distribution Plan For Money

County of Lawrence and Council of the city reached an agreement on Thursday, and from the decision may come a harmonious distribution of the county controlled of monies from tax sales by the city and county.

The decision, was occasioned by a visit to council meeting, held in city hall, by Harvey Bush, chairman of the commissioners of the county, and Controller Andrew Dadds.

For a period of year, the city has collected taxes and rents on properties on which there were city tax sales.

Having accumulated a fund of money, the city made an accounting to the county, having set up a separate fund.

The county solicitor is said to have taken exception to it and took it into Lawrence county court.

President Judge Braham advised both parties to attempt a compromise. However, it is still before the court, and according to Controller Andrew Dadds, the court will have to make a decision.

According to an Erie County court's decision, the County of Erie sold a property at tax sale and the city of Erie also attempted to sell the property. The court held that once the county had made the sale, the county became the trustee, for a division of monies to the political sub-divisions.

Commissioner Bush informed council that the city owes the county money, and the county owes the city money, from tax sales, and hence, the money is lying dormant, undivided, and not being used.

He said he believed both parties could agree, following which council directed Solicitor Robert White to work with the county commissioners, and controller, and as a result, it is anticipated that the county will make a pro rata division of the money to city, school district and county.

There is said to be thousands of dollars involved.

Stream Clearance Officials Assured

HARRISBURG, Feb. 12.—(INS)—Pennsylvania stream clearance officials had the assurance of spokesmen for Ohio and West Virginia that steps will be taken to keep the Ohio river free of phenolic wastes produced in manufacture of coke and chemicals.

Pennsylvania has banned discharge of wastes into streams feeding into the river, but continues to feel the effects of pollution from the other states, the sanitary water board reported.

Particular attention was given to dumping of waste and odor producing substances into the Mahoning river at Youngstown, O.

Similar pollution along the Ohio and Beaver rivers in Pennsylvania and West Virginia also was discussed during a recent meeting of the tri-state officials.

Cat Ungrateful Of Aged Woman's Kindness In Storm

PHILADELPHIA, Feb. 12.—

(INS)—A large, dirty-white alley cat proved to be an ungrateful guest when 90-year-old Mrs. Bella Weiner tried to do a good deed.

Mrs. Weiner heard the cat meowing outside her door so she brought it in out of the storm raging outside. But when she and her granddaughter, Gloria Similowitz, 16, began to feed it, the animal started tearing through the house scratching and overturning furniture.

Mrs. Weiner became hysterical at the cat's antics and phoned police. Two policemen came and captured the visitor after a long chase by throwing a coat over it.

But the alley cat had the last say, for as Patrolman William Beyer carried the animal out of the house, it bit him on the thumb so badly that he had to be treated at a hospital.

Eden Challenges Labor Government

LONDON, Feb. 12.—(INS)—

Deputy Conservative Leader Anthony Eden called upon the British Labor government to solve Britain's economic problems or make way for a government that can.

Eden opened debate in the House of Commons on the emergency white paper issued by Chancellor of the Exchequer Sir Stafford Cripps which warned of Britain's dangerous economic situation.

He called it a "profound shock" and said that "it is essential that steps be taken to combat inflation which will result in action which might kill initiative."

Wheeling Seeks Flood Control

WHEELING, W. Va., Feb. 12.—

(INS)—Hundreds of industrialists, business executives, civic organizations and just plain flood-conscious citizens of the Wheeling area, today attended an open hearing at the Windsor hotel in Wheeling in the hopes of getting flood control from costly Ohio river floods.

A mass of evidence and data relating to flood losses in the Wheeling area was presented to federal officials headed by Col. Francis Falkner, U. S. district engineer from Pittsburgh, in the hope of obtaining an overall federal survey to determine advisability of the proposed \$20,000,000 flood wall and riverside drive for Wheeling.

CLEMENTS CLASS MEMBERS ASSEMBLE

Mrs. Ellis Diefenderfer, 911 Logan street, proved a pleasing hostess to members of the Prudence Clements class of the Epworth Methodist church on Wednesday evening, as the members assembled in her home.

The business meeting was in charge of the president, with the welfare committee report presented by Mrs. Fereida Drumm. Mrs. Wayne Stitzinger demonstrated the "New Look."

A letter was read from a former member, Mrs. William Falls, who is in Florida.

Movies of a trip to Florida and to Canada, were shown by Mr. Diefenderfer as the closing feature of the program. Delicious refreshments were served by the hostess, aided by Mrs. Charles Teets and Mrs. Joseph Boyd.

On March 10, Mrs. Kenneth Brown, Sheridan avenue, will entertain.

LOCAL RESIDENTS MOVE TO WEST COAST

Mr. and Mrs. Anthony Dauria (Emma Montanary) and children, Doreen and Doran, have arrived in Los Angeles, California where they will make their home. They were formerly of 13 Harrison street, this city.

The Daurias report that the trip out west was exciting and the scenery beautiful. At present Mrs. Dauria's sister, Miss Jeanne Montanary, ice-ollies dancer and skater who returned from Europe is visiting on the west coast.

W. C. Club Gathers

W. C. club was received in the home of Mrs. Jack Clark, 707 Monroe street, Tuesday evening when the group decided to make a contribution to the March of Dimes.

Mrs. William Schell and Mrs. Joseph Flynn were awarded trophies for cards. Miss Ruth Jamison captured the guest prize, and Mrs. Harold Clark received a hostess gift. The hostess, aided by her two daughters, Mary and Betty.

Lord Inverchapel Soon Will Retire

WASHINGTON, Feb. 12.—(INS)—

Responsible diplomatic sources said today that Lord Inverchapel, veteran British career diplomat, will soon be recalled from his Washington post and go into retirement.

It was understood that the United States has already agreed to accept as his successor Sir Olive Franks, an Oxford Don. Franks teaches political philosophy but his qualifications for the Washington post are based primarily on his familiarity with the European recovery program.

Franks participated with the British delegation in drawing up the 16 power Paris committee report of last summer based on a need of 17 billion dollars for European reconstruction.

In the United States more is being spent annually per family on education than for the 1929-39 period. In the latter period \$100 was the figure; now it is \$120 per family.

Five Arabs Are Reported Killed

JERUSALEM, Feb. 12.—(INS)—

Five Arabs were killed and five wounded today when Jews exploded a mine under a bus on the Safad road. Fifteen passengers were aboard.

Eye-witnesses said that the Jews fired on the bus as the explosion occurred.

Meanwhile, Abraham Kirshenbaum, a 22-year-old Haganah commander, died of wounds received in yesterday's battle in Jerusalem. He was a nephew of Nat Maldenbaum of 1539 47th street, Brooklyn.

A minor explosion occurred in the commercial center of Jerusalem when a bomb was thrown into an evacuated Jewish shop.

State High School Musicians Gather At Ellwood City

Over 200 Taking Part In All-State Band Festival Program Events

ELLWOOD CITY, Feb. 12.—Students from all parts of Pennsylvania began pouring into this musically minded city today to participate in the thirteenth annual All State Band Festival, which is to take place in Lincoln High school auditorium.

More than 200 students along with 90 visiting school band directors are temporarily headquartered in local homes for the three-day festivities which will be officially culminated on Saturday evening with a great concert directed by Dr. Frank Simon, one of America's great band leaders and former concert soloist with the late "march king," John Philip Sousa.

The boys and girls will have little time to themselves, it is learned from I. Barnes Weinstein, instru-

mental music director of the Ellwood City Public Schools, as many side feature have been arranged that will keep the musicians on the jump almost every minute of their stay here.

The Ellwood City Kiwanis club will play host this evening to the visiting band leaders when they will fete them at a banquet to be given in the Elks club. Other banquets are planned for Friday and Saturday evenings.

The All State Band Festival is presented annually following play-offs in nine other sections of the state and the best musicians in these sectional contests are chosen to play in the state event.

Burned Pottery At Scio, Ohio, Now Rebuilt

SCIO, O., Feb. 12.—(INS)—For 15 years, since the dark depression days of 1932, pottery manufacturer Louis P. Reese has been a "sweetheart" of a boss to Scio's working population.

Tomorrow afternoon the entire town of 1200 persons is turning out to give him a Valentine present in the form of a new factory built by Reese's plant, the Scio-Ohio Pottery company, which employed 830 of the little community's residents, was razed by a two million dollar fire last December 11, and is now rebuilt.

Papyrus, developed in Egypt, was the world's first cheap and abundant writing paper.

WASHINGTON CALLING

(Continued from Page Four)

thor H. Vandenberg, foreign-policy leader in the senate, has let it be known that such a showdown might wreck the plan itself.

Might Divert Attention

On the other hand, a compromise might divert public attention from the real issues involved. The strategy of the bitter-end opposition has been to avoid any constant sniping at details of administration, size of appropriations, and so on. Behind the facade of a compromise the bitter-enders could work to undermine the purpose of the plan.

This last is just now giving Secretary of State George C. Marshall deep concern. In the important speech he will deliver before the National Farm Institute in Des Moines, Iowa, at the end of the week, he is expected to warn that the primary goal of European reconstruction is being lost sight of in a quibble over details. That is a timely warning which should be heeded here in Washington.

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

feeted to consumers had to be paid out of taxpayers' funds.

One of our great adventures in subsidies was undertaken in the early years of the depression period, when farmers were paid huge sums for not raising cotton, grain, tobacco, hogs, sugar beets and various other commodities. The government is still doing a big subsidy business in its program of "supporting" food commodity prices, as illustrated in the case of eggs, wool, potatoes and other items. Two results of this policy have been demonstrated within the past year, when the government agents burned a "mountain" of surplus potatoes, even though consumers were paying abnormally high prices for potatoes; another is the present problem facing the government in the disposition of hundreds of millions of dozens of eggs, bought at "support" prices, with apparently no alternative but to destroy the eggs, just as the potatoes were destroyed.

Subsidizing Petroleum Production
Few citizens are aware of the fact that the government is still subsidizing petroleum production, along with production of copper, lead and zinc. Sugar act payments for 1947 are estimated at about fifty-two million dollars. Recently it was reported that the government, in pursuit of its "support" program, has accumulated thousands of tons of wool, although

wool growers are vigorously complaining about heavy wool imports and many of them preparing to get rid of their flocks.

The basic trouble with the subsidy system, from the standpoint of justice, is that it takes from the pockets of the many to give to the pockets of the few. Another serious evil, in a supposedly free government, is that the granting of subsidies on a given product necessitates government control over production and marketing of the product. We have seen this illustrated in the poultry industry, which has been the subject of conflicting orders to increase production, followed by orders to decrease production. The producer cannot regulate his own output while at the same time accepting federal bounty.

Many agricultural leaders and members of Congress from the great farming states have repeatedly expressed a hope that all federal subsidies could be abolished. As Professor Buckman says, however, subsidies are like an opiate or a crutch. It is easier to depend on them than it is to get rid of them.

NEWPORT

Mrs. William Stevenson and Keith and Mrs. Darl Allen and Dick and Jack of Chewton were dinner guests of Mr. and Mrs. William Winnial on Tuesday.

Mrs. Louise Baker and Timmy of New Brighton visited the former's mother and sister, respectively, Mrs. John Allen, Sr., and Mrs. Walter Kirschler, over the week-end.

Mr. and Mrs. John Capots and David of West Pittsburgh visited Mr. and Mrs. Charles Huffman on Monday evening.

Mr. and Mrs. John Cory visited in Ellwood City on Tuesday. Mr. and Mrs. Joseph Fisher of Lowellville, O., visited the latter's father, Carmen Beatrice on Sunday.

Keith Stevenson visited recently in Ellwood City.

POLISH 'UNDERGROUND'

LONDON.—(INS)—A new kind of Polish "underground" movement is paying of rich dividends in the British coalfields. More than 5,300 Polish volunteers, mostly from the Polish Resettlement Corps, are now working in British coal mines. A further 386 are in training. For the most part, they are men from the Polish forces in Britain who did not wish to return to Poland. These men are a vanguard for an additional 35,000 European workers from displaced persons' camps in the western zones of Germany who have found a refuge in Britain.

How Guest-of-Honor Reciprocates

Question: I am soon to be married and a friend of my fiancé's will give a dinner in my honor. Just how should I show my gratitude to her? Should I write her a thank-you letter or give her a present or what?

Answer: Don't give her a present. It isn't at all necessary and might make her feel uneasy. Your enthusiastic verbal thanks will really be sufficient, but you might, within a few days after the dinner, write telling her how much you enjoyed it and how you appreciate her thoughtfulness. And after you are married, she should be included among the guests at your first party.

Question: Is it proper to invite a girl whom I do not know to a shower I shall give for a girl who is a friend of mine as well as of the prospective guest?

Answer: Yes. All of those invited to a shower should be intimate friends of the bride-to-be, whether or not they are unknown to the hostess. Friends of the hostess who are unknown to the bride-to-be should not be invited. The purpose of such a function is to shower gifts on the engaged girl and those who do not know her should not be expected to do so.

Question: I am about to give my daughter a high noon wedding reception, but there will be more guests than we can possibly seat at home and yet we cannot afford to hire a hotel suite. Have you any suggestions?

Answer: Let it be a "stand-up" home breakfast and arrange the menu so that all food is served on one plate except the dessert, for which each guest or her escort may return to the table. About the dining room and hall scatter as many small tables as you can assemble to hold plates, cups, glasses and flat silver.

Present problems to Miss Marrel, who will promptly mail personal replies to questions from readers enclosing stamped, self-addressed envelopes.

State Police Say:—

A hand out is good turn. Not from a charitable standpoint, but from the standpoint of safety. Drivers intending to turn right or left from a line of traffic should signal their intention of so doing by the use of hand signals so that other drivers, affected by the movement of your car, may anticipate exactly what you are going to do.

In colonial North Carolina ammunition was so scarce that every vessel not owned in the state had to pay a tonnage duty in gun powder, gunshot and flints.

Pravda Issues Another Attack On Capitalism

(L. N. S. Staff Correspondent)
MOSCOW, Feb. 12.—(INS)—The Communist party newspaper Pravda observed the hundredth anniversary of the Marx-Engels Communist manifesto Wednesday with a new attack on capitalism and a prediction of its collapse.
Pravda said that in developing the Marxian theory, Lenin proved that "imperialism is the last stage of capitalism."
The Communist newspaper said: "One of its (capitalism's) characteristic features is formation of international capitalist monopolies struggling for division of the world among themselves."
(Editor's note: A Communist party convention held in London in 1947 asked Karl Marx and his close associate Friedrich Engels to prepare a manifesto setting forth the basic doctrines of Communism. This was published in 1848. Its main tenets are abolition of private property, creation of a propertyless system, inevitably involving the use of force and establishment of a dictatorship of the proletariat.)
Pravda said that another important feature of the capitalistic system is the export of capital "as an instrument for the economic and political enslavement of other countries." The newspaper continued:
"The observations of Lenin furnish the key to understanding the essence of the modern policy of imperialism particularly as regards the Marshall Plan.
"Far from impeding, the Marshall Plan is directed toward destruction of the nation sovereignty of nations, turning European countries into colonies of the United States.
"It aims particularly at turning western Germany into a military springboard for American imperialism in Europe."

Owlett Opposes Health Insurance Program In Nation

PHILADELPHIA, Feb. 12.—G. Mason Owlett, president of the Pennsylvania Manufacturers' Association, today opposed a program for national health insurance.
Owlett said a national medical care plan for the entire population of the United States would take "20 to 25 per cent of the national income."
"It would be an undertaking of colossal proportions," he told the Accident and Health Association in Philadelphia.
He added:
"We must put on the brakes to avoid higher taxes, more inflation and perhaps even the disaster of national bankruptcy."

The Power Of The Holy Spirit

Highlights On The Sunday School Lesson

Healing of the lame man by Peter.

"Wait for Jehovah; Be strong, and let thy heart take courage; Yea, wait thou for Jehovah."—Psalm 27:14.

By NEWMAN CAMPBELL

(The International Lesson on the above topic for February 15 is John 14:25, 26; Acts 2:1-4; Acts 3:1-4, 31; Galatians 5:22-26, the Memory verse being Psalm 27:14, "Wait for Jehovah; Be strong, and let thy heart take courage; Yea, wait thou for Jehovah.")

While Jesus was still on earth with His disciples, He tried to tell them that in a short time He would be leaving them to suffer martyrdom and death, but that He would rise from the dead; but they could not understand Him.

Even the last night of His earthly life, He talked to them and gave them rules for living as He would have them: "keep My commandments; love one another. . . . These things have I spoken unto you, being yet present with you."

"But the Comforter, which is the Holy Ghost, whom the Father will send in My name, He will teach you all things, and bring all things to your remembrance, whatsoever I have said unto you."

Jesus was crucified, He rose from the dead, and ascended into heaven, and we are told by Luke how this Holy Spirit did come to the disciples to comfort them and give them courage and power. He "And when the day of Pentecost was fully come, they (the disciples) were all with one accord in one place."

Coming of the Holy Ghost "And suddenly there came a sound from heaven as of a rushing, mighty wind, and it filled all the house where they were sitting. And there appeared unto them cloven tongues like as of fire, and it sat upon each of them."

"And they were all filled with the Holy Ghost, and began to speak with other tongues, as the Spirit gave them utterance."

The Holy Ghost and the Spirit mean the same thing. Filled with the Spirit, they not only spoke in their own tongues to men of dif-

ferent nations, telling them of Jesus and His gospel, but they received rare courage so that those, like Peter, who had denied His Lord because he was afraid, was no longer a coward, but a bold, fearless man, as witness his actions from that time on.

Some time later (we do not know just when), Peter and John went together to the temple at the hour of prayer. Now a certain man, lame from birth, was carried each day to the Gate called Beautiful to beg. Seeing Peter and John about to go into the temple, he asked alms of them. Peter looked at him, saying, "Look on us." The man waited, expecting to receive money, but Peter said, "Silver and gold have I none; but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk."

Taking the man by the right hand, Peter lifted him to his feet and his feet and ankle bones received strength, and he leaped up and walked with them into the temple, praising God. And all the people who had known him from childhood were filled with wonder and amazement. They gathered around the three men in the porch called Solomon's, and Peter talked to them, accusing them of being the cause of Jesus' death when Pontius Pilate would have let Him go, and accepting a murderer in His place.

"Ye denied the Holy One and the Just. . . . And killed the Prince of Life, whom God hath raised from the dead; whereof ye are witnesses."

"And His name through faith in Him hath made this man strong, whom ye see and know."

When Five Thousand Peter then told them he knew it was through ignorance that they had acted as they had done, and then asked them to repent and be converted, and five thousand were won to Christ.

Now the priests and Sadducees came upon them and "being grieved that they taught the people," they laid hands on them and put them in prison until the next day. They were then taken before two wicked high priests, Annas and Caiaphas and others, who asked them by whose power they had performed this miracle. Peter spoke forth boldly, saying that it was through the power of Jesus Christ whom they had crucified. The priests saw the man who had been healed and they consulted together and decided to let the apostles go with a warning that they were not to preach the gospel any more. Peter, however, answered "Whether it be right in the sight of God to hearken unto you more than unto God, judge ye. For we cannot but speak the things which we have seen and heard." They were further threatened and turned loose and went to their own company, who praised God and prayed, and the Holy Spirit came again, "filling them with boldness."

Paul, writing to the Galatians, told them of the sins they must avoid if they would follow the Spirit, and then what benefits would come if they let righteous lives under His teachings.

"But the fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith. 'If we live in the Spirit, let us also walk in the Spirit. 'Let us not be desirous of vain glory, provoking one another, envying one another."

CHURCH NEWS

The Helping Hand Bible class of the Moravia Presbyterian church will hold their regular monthly meeting at the church on Tuesday evening, February 17, at 8 o'clock. Plans will be discussed for the fathers and sons banquet which will be held Wednesday evening, February 18.

HONOR BIRTHDAY

On Thursday evening, February 5, Mr. and Mrs. Alex Isaac held a birthday party at their home in honor of their daughter, Fannie

Lee, who celebrated her sixth birthday anniversary.

Various games were the pastime of the evening of a group of about 20 youngsters. A delicious lunch, including her beautiful birthday cake was served by the hostess, Miss Pauline Wheeler assisted by Miss Cornelia Crawford and Mrs. Virginia Isaac.

Fannie Lee was the recipient of many nice gifts including a purse of money.

MORAVIA NOTES

Mr. and Mrs. Thomas Perry Jr. have returned home after spending the past month in California.

Mr. and Mrs. Bartholomew and son of Burton, O., visited Sunday with his brother and family, Mr. and Mrs. Lyle Bartholomew.

Mr. and Mrs. Jack Sonnett and family of Corapolis, Pa., visited Sunday at the home of the latter's parents, Mr. and Mrs. John Brest.

Mr. and Mrs. James Stephenson

of Ellwood City and Mrs. Annie Stephenson of Willow Grove were recent visitors at the home of Mr. and Mrs. J. M. Stephenson.

Mrs. Augusta Werner has been admitted to the Jameson hospital. Mrs. J. R. Brodbeck is on the sick list.

The number of chickens on farms at the beginning of 1946 was estimated to be about 525,536,000. This is slightly more than the 1945 number of 510,939,000.

Good Promise For Employment Seen In Pittsburgh Area

PITTSBURGH, Feb. 12.—(INS)—Favorable employment conditions in the Pittsburgh area were foreseen by Patrick T. Fagan, Pittsburgh district manager for the Pennsylvania State Employment Service.

The available supply of gas, the peaceful settlement of labor-management negotiations and the materials supply situation all will help determine the number of unemployed he stated.

Fagan also said, "planned construction of all types for 1948 gives promise of a great building boom. Many unskilled and semi-skilled workers currently unemployed are expected to be absorbed by this industry."

Other industries in this area also give promise that they will be able to maintain high employment levels.

Around Hollywood

By JOHN TODD
International News Service Staff Correspondent

HOLLYWOOD, Feb. 12.—Hollywood's happiest star, Alexis Smith, today gave her own simple formula for keeping cheerful.

She said:

"I just don't let people, or things, bother me."

"Supposing someone does something unkind to you. There is no sense of letting your mind dwell on it."

"The person who did it probably is out playing golf, or tennis, or swimming or doing some other thing to amuse himself. He's not thinking of what he did to you. He isn't letting it bother him, so why should you dwell on it and let it bother you."

"That just doesn't make sense."

To Make Three Pictures

Alexis has just started work in "One Last Thing" under her new deal with Warner's. She'll make three pictures a year.

She likes the speeded up schedule of the pictures nowadays.

"They used to take so long making them that you'd get bored stiff before you completed the last scene," she said, "of course, there is such a thing as going too fast, but I believe the studios can strike a happy medium."

There's one thing of which you can be sure when you visit an Alexis Smith set. You'll go away with a smile on your face.

Victor Jory Back

That fine actor, Victor Jory, who deserted Hollywood for five and a half years on Broadway, is going to make pictures for at least a year. Vic is near the end of his chore.

in "Carmen," which followed "The Gallant Blade" for Columbia, and soon he'll go over to RKO for a picture.

He made a hit in the seven plays in which he appeared during his long absence from glamorland, but he has enough of the stage to hold him for a little while.

Vic, who has a cartoon company of his own, plans to make 12 cartoons with a religious theme in co-operation with the British film magnate, J. Arthur Rank.

Beautiful Setting

The most picturesque set this week is the one built at 20th Century-Fox, where Tyrone Power first meets his screen-love-to-be, Anne Baxter, in "The Fear Of Little Man."

It is a forest glade in Ireland, into which Ty, playing a newspaper correspondent, wanders while he is waiting for a plane.

It is so realistic that you feel you are far, far away from the workaday world.

Please Return Borrowed Books, Is Library's Plea

At the public library, the January 1948 file of book, circulated shows 63 books still out and overdue since various dates in January, according to present records made by librarian, Miss Alice Sterling.

This figure is for the main library only and does not count the branches.

As a courtesy the library sends you a notice of an overdue book. A second and third notice should not be necessary but sometimes they are.

BE CONSIDERATE!

Don't block the book traffic! We do not want to hurry you but remember there are many other joint owners of the book and somebody is waiting for it this minute. The unpaid library book on your table is doing you no good and is preventing the other fellow from getting his share.

RETURN YOUR BOOK ON TIME!

Center U. P. Church Prayer Day Host

Six churches of the Shenango township area, including Savannah Methodist, Grace Bible, Castlewood Alliance, Greenwood Methodist and Center U. P., will gather in the Center U. P. church Friday for the World Day of Prayer.

The service will begin at 2 o'clock with the visiting ministers assisting in the afternoon program.

Poland Protesting 'Voice Of America'

WASHINGTON, Feb. 12.—(INS)—Poland has protested orally to the United States against "Voice of America" broadcasts to the Polish people of articles by former Premier Stanislaw Mikolajczyk.

Mikolajczyk escaped Poland and fled to England after he apparently had been marked for elimination by the communist government in Warsaw.

The Polish information ministry made the protest to S. Savage Crocker, U. S. charge d'affaires in Warsaw.

The state department said that Crocker informed the ministry that he would be glad to receive any evidence of misrepresentation in the Mikolajczyk statements.

Women Must Pay— Is Rule Of 'Gets' New Club At Temple

PHILADELPHIA, Feb. 12.—(INS)—The male students of Temple university have declared a revolt on the campus and have organized a new club called the "Gets."

The organization is made up of male students who feel that since this is the year the girls are out with the proposals, they should also be out with the pocketbook.

One agitator states: "The girls always say it's the woman who pays, well we want to change that myth into fact. There is no weaker sex when it comes to money."

There are still a few (very few) coeds who refuse to recognize the boys demands, and can be seen carrying huge banners as "We're giving the Gets the gate." And "Get wise, Gets—drop dead."

The three founders of the movement insist that they have no ulterior motives and are concerned solely with the salvation of their enslaved fellow men.

Annual Dinner In Elks
Lodge Wednesday; Wal-
ter DeArment
President

The annual Past Exalted Rulers dinner and meeting was held at the Elks Lodge 69, rooms last night with a fine turnout. The dinner began at 6:30 o'clock and followed with an election of officers, after which the Past Exalted Rulers participated in the initiating of a class of seven new members.

The following were elected as officers by the Past Exalted Rulers—President, Walter C. DeArment; Vice-President, Abe Levine; Secretary-Treasurer, Ben S. Agnew. The following Past Exalted Rulers were present at the dinner also and took part in the initiation later—Arthur Carpenter, Edward J. Ryan, Clark H. Buell, F. M. Houk, Bert Davis, Verne R. Carr, Dr. W. F. Jackson, Thomas Earl Dukes, W. J. Ussell, Wilbur Whiting. Past Exalted Ruler Dave Rowe of the Greenville Lodge, and Present Exalted Ruler of the Lodge 69 here, Fred Moser, were special guests of the dinner and meeting last night.

Take Over Chairs
After the dinner the following Past Exalted Rulers took over the chairs for the evening and held the initiation. Exalted Ruler, Past District Deputy and Grand, Esteemed Ruler, Clark H. Buell; Esteemed Leading Knight, F. M. Houk; Esteemed Loyal Knight, R. H. Updegraff; Esteemed Lecturing Knight, Wilbur Whiting; Secretary-District Deputy Grand Exalted Ruler, Verne R. Carr; Treasurer, Bert Davis; Esquire, Arthur Carpenter; Chaplain, Edward J. Ryan; Inner Guard, Ben S. Agnew; Tyler, Abe Levine; Present Trustees of the Lodge 69, Harry Harris, John D. Hite and Arthur Carpenter.

This is an annual affair and is held the first meeting night in February.

Price-Wage Spiral Problem Solved Sen. Taft Asserts

ST. PAUL, Minn., Feb. 12.—(INS)—Sen. Robert A. Taft (R) of Ohio, declared today that the slump in commodity market prices appears to have "solved the problem" of the price-wage spiral.

The candidate for the GOP presidential nomination asserted, however, that he did not think the market break of recent days would "necessarily" threaten a depression. He said he would expect commodity prices to "straighten out."

Taft gave his comments at a news conference in St. Paul where tonight he delivers a Lincoln birthday address in which he is expected to demand that America's foreign policy and foreign aid be based on firmness and economy.

Hopewell Presbyterian—Sunday school, 10 a. m., Floyd Harry, supt. Morning worship, 11 a. m., theme, "Watered Stock." Intermediates, 7:30 p. m., leader, Marilyn Brown.

EIGHTH BIRTHDAY CELEBRATED

Twenty boys and girls from Mrs. Paul Sheld's Sunday school class were entertained on Saturday by Mrs. Floyd Harry in honor of her daughter Nancy's birthday. A lively time was enjoyed by all. Prizes for games were awarded to Virginia Kooker, Sandra Eppinger, James Cover, Richard Harris, Karen Harry, Dale Anderson, and Janet Bayham. After the honored guest opened her many lovely gifts, dainty refreshments were served by Mrs. Harry.

LIONS CLUB

At the last meeting of the New Bedford Lions Club plans were completed for the Charter Night banquet to be held at Schuster's near Greenville, Thursday evening, Feb. 19. Places will be laid for over 200 guests with representatives of other Lions Clubs in this area in attendance, including New Castle, Volant, Greenville, Farrell and Youngstown. The New Castle club, the sponsoring organization, will have a prominent place in the program.

New members added to the Charter list at the last meeting included: Harry Shields, Edward Grunwald, Lloyd Goudge, Michael Beck, Delmont Michaels, Dale Whiting, Russell Brown, Paul Grunwald, Newton Eppinger and Wayne Dieter.

Scoutmaster Irwin Ropp appeared before the club and outlined the current needs of the troop and the value of scouting to the community. The matter has been referred to the committee on "boys and girls" work.

PHILATHEA MISSION CIRCLE

The Philathea Mission Circle of the United Presbyterian church met in the home of Miss Fay Wilcox on Thursday evening. The topic for study was "Sudan" and was discussed by Mrs. Robert Wallace and Mrs. Wylie Cooper. The devotional period was led by Mrs. Guy Van Meter. Mrs. Robert Wallace, the vice-president, presided over the business meeting. Tasty refreshments were served by the hostesses at the conclusion of the meeting.

EXTENSION MEETINGS

On Wednesday evening a second upholstery meeting was held in the home of Mrs. Paul Brown. On Friday evening, Mr. Dayton and Miss Mehlman conducted a community meeting in the Grange Hall. Slides were shown and also samples of the work that the ladies have been doing this winter.

MOTHERS' CLUB

Mrs. John Komar received the Mothers' Club in her home on Thursday evening with thirteen members attending. After a brief discussion of the topic the evening was spent making scrap books of discarded Christmas cards. Following the work period the hostess served delicious refreshments. She was assisted in serving by Mrs. Roy Crawford. The next meeting will be Thursday March 4, with Mrs. John Ratvasky as hostess.

CHOIR PARTY

On Friday evening, Mr. and Mrs. Frank Cover, Jr., entertained the Hopewell choir at a tureen dinner. Mrs. Cover was assisted in serving by Mrs. Wylie Wallace. After the delicious dinner the remainder of the evening was spent listening to records and rehearsing.

NEW BEDFORD NOTES

Billy Beck, son of Mr. and Mrs. William Beck, was taken to the New Castle Hospital on Saturday morning, where he was operated on immediately for appendicitis. He is doing nicely at this writing. P.T.A. will meet at the school on Thursday, Feb. 19.

Mr. and Mrs. Roy Crawford entertained at a family dinner on Sunday. The occasion honored the birthday of Mrs. Crawford's sister, Mrs. Robert Stoll of Youngstown.

Mr. and Mrs. Alfred Pasquarella are at home in their newly furnished apartment after visiting spots of interest in eastern Pennsylvania. Among their stops were Harrisburg, Gettysburg and Bakers Caverns.

Hopewell Beacon class will meet with Mrs. Glenn Rowan on Thursday, Feb. 12.

The Brotherhood is sponsoring the annual Fathers and Sons Banquet on Monday, Feb. 16.

Raymond Whiting is ill at his home. Mrs. Arrel Bradley who was ill at this time last week is able to be out again.

On Saturday evening, Mr. and Mrs. Frank Cover, Jr., attended a reception given by the employees of Ross Radio Co. in honor of Mr. and Mrs. Larry McLann who were married Saturday morning in Youngstown.

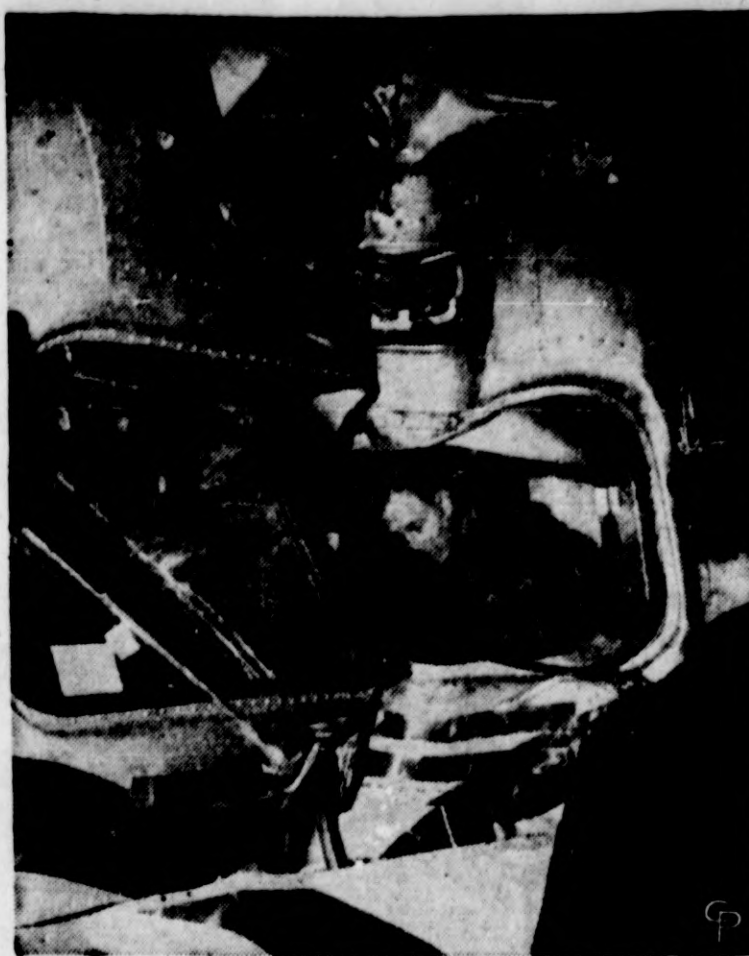

Mrs. Russell Brown entertained on Sunday at a family dinner in honor of her husband whose birthday was February 6. Guests included Mr. and Mrs. Paul Brown and family, Mr. and Mrs. Wilson Carlisle, Mr. and Mrs. Alfred Pasquarella, and Mrs. Grace Brown.

Consistory Choir Presents Program
In Beaver Falls High School
Wednesday Evening

Under the auspices of the entertainment committee of the Valley of New Castle Consistory, A.A.R., a fine program of entertainment was presented in the Beaver Falls high school Wednesday evening for members from the Beaver Valley and their Masonic friends by the Consistory choir.

A packed house greeted the entertainment, with Lou Pearsall, presiding as master of ceremonies. Prior to the formal program, the Beaver Falls high school orchestra presented a concert program as the guests were assembling, and group singing was led by Dave Rees, associate director of the choir.

The choir, under the direction of Sam Lewis presented a splendid group of choral numbers, with Miss Ruth Cotton, talented lyric soprano, of Pittsburgh, assisting with a group of solo numbers. Samuel W. McCreary took some fine solo parts with the chorus, and Emel E. Branstetter served as accompanist.

The program was augmented with some outstanding vaudeville acts.

Following the entertainment, the choir served lunch at the Hotel Broadhead.

Commander in Chief Ill. Welly O. Rugh, 33, was introduced and expressed his pleasure at the splendid reception given the entertainers. He invited all members of the Scottish Rite body to attend the special degree presentation which will be given in The Cathedral tonight.

IUMSWA Backing Philip Murray

Pledge Full Support To CIO President In Indictment For Taft-Hartley Violations

CLEVELAND, Feb. 12.—(INS)—The industrial union of marine and shipbuilding workers, which is expected to become the fifth or sixth largest union in the CIO today, has pledged full support to CIO President Philip Murray, indicted for violation of the Taft-Hartley law. The IUMSWA, in convention in Cleveland, late yesterday adopted by a 419 to one vote a resolution challenging the constitutionality of the law and instructing its incoming officers to support the CIO and Murray.

The CIO head, in an address to convention delegates Tuesday, predicted that he would be indicted "within a week" because of his admitted violation of the law last fall when he supported a candidate in a congressional election in Baltimore.

H.M.O. Donor Plans Are Made For March 21

The 1948 Donor campaign of the Hadassah Medical organization under the auspices of the New Castle Chapter was launched this month at a series of preliminary committee meetings held at the homes of the general chairman, Mrs. Jack Conn, Fairmont avenue, and honorary president, Mrs. L. F. Kohn.

Donor letters have been mailed to members and friends in the community and the hard working committee is already receiving excellent returns towards the greatly increased quota.

In an emergency S. O. S. message sent by the national president of Hadassah, Samuel W. Halprin, everyone interested is urged to help the Palestinian cause in their crucial program of Immigrant Medical Aid.

Recently the United Nations sanctioned a Jewish State in Palestine. As a result, the greatest challenge of any generation must be met. Resources must be furnished to create a haven for the homeless and orphan children, now being transferred from the prison island of Cyprus and from Europe. Every Hadassah hospital, feeding station, child welfare center and clinic is being taxed beyond their capacity. Hadassah is endeavoring not to let the refugee down. Because of Arabian attacks and bloodshed, every available place and space is being converted into emergency wards and first aid stations. Hadassah doctors and nurses some of whom have already sacrificed their own lives are working 24 hours daily in an "all out" effort to aid the casualties need surgery. The Hadassah medical and social service work must be constantly increased to meet the emergency. The local chapter is doing all in its power to assist.

Other officers of the New Castle campaign in addition to those previously mentioned are Mrs. A. Cohen, president; Mrs. Pierson Caplan, co-chairman and Mrs. Jack Kulkin, treasurer.

Because the local chapter, this year celebrates 25 years of achievement in the community, it plans to terminate its campaign with a victory donor dinner and reception on March 21, at the Castleton hotel.

Kiwanians Hear Income Tax Talk

Philip Weiner Gives Club Members Valuable Pointers On How To File Returns

Philip Weiner, local accountant, who was formerly associated with the Internal Revenue Department, gave a timely and interesting talk to members of the New Castle Kiwanis Club, at their noon luncheon meeting, in The Castleton, Wednesday.

Mr. Weiner discussed the provisions of the income tax law as it

pertains to the filing of returns for 1947, and expected incomes for 1948, straightening out Kiwanians on a number of points with which they were unfamiliar.

At the close of his talk, he answered questions relative to the filing of returns, the deadline for which is rapidly drawing near.

Radio Telephones On Trains Prove Worthy At Times

JOHNSTOWN, Pa., Feb. 12.—(INS)—Radio telephones on trains proved their worth recently on the Pennsylvania railroad's West Penn branch in Indiana county.

George Chesio of Climax, saw a car stalled on the tracks and hurried to JD tower near New Florence and notified the operator there of the wreck hazard.

One of the PRR's fastest freights was headed toward the stalled car at the time. It was 7:20 p. m. when Chesio warned the JD tower

of the possible collision. The freight train traveling west had passed JD tower at Johnstown at 6:38 p. m. and there was no other lower between the train and the stalled car to warn the speeding freight.

Fortunately the JD operator knew the diesel engine on the train was equipped with radio phones. He quickly put in a call for the train crew and sent out a warning of the danger ahead.

The warning got through just in time, as the speeding locomotive was brought to a stop only a car length from the stalled auto.

A PRR spokesman said the train could easily have been derailed if it had hit the automobile.

A dark red rose is a symbol of mourning.

Fuel Shortage Causes Rise In Unemployment

HARRISBURG, Feb. 12.—(INS)—The Pennsylvania State Employment Service reported a 37 percent rise in unemployment in the commonwealth during January.

It was branded a "temporary" trend due largely to production cutbacks resulting from the gas and fuel oil shortage and to seasonal layoffs.

The PSES warned, however, that "extended duration of the fuel shortage might result in widespread unemployment" particularly in the Pittsburgh area where nearly all important steel mills and metal industries were forced to make layoffs.

Force Many Cuts
Production cutbacks due to oil shortages forced personnel cuts in the shipbuilding industries in the Chester area, glass-making in Greensburg and the metal production at Philadelphia, the PSES said.

The agency based its state-wide job shortage picture of 152,432 persons obtaining unemployment compensation at the end of January and emphasizing that at the present time the trend "in no way indicates any break in the current high employment levels."

There were fewer jobless workers at the end of the month than at the same time last year when 228,599 persons obtained unemployment compensation, it pointed out.

Layoffs attributed to the fuel shortage and seasonal cutbacks as in construction work delayed by cold weather can be considered "extremely temporary," the PSES asserted.

Other Declines
Other employment declines were noted in retail trades following the release of temporary holiday workers and in some scattered sectors, including the Lehigh valley area, where small plants shut down due

to high inventories and overstocking. Most of the closing industries were paper mills and tobacco companies in eastern counties. Some hosiery and clothing mills shut down in the Lehigh valley, but "staggered re-employment has already begun," the PSES said.

Curtailment in the textile and apparel plants was said to be "characteristic of the industry and preliminary to the change-over for the spring lines."

"The duration of the unemployment for these workers is expected to be from four to 10 weeks," the PSES reported.

PAYMENTS TO VETERANS
HARRISBURG — Ramsey S. Black, state treasurer, announced that payments to returned Pennsylvania veterans under the Service Men's Readjustment Act during the week ended January 30, 1948 totaled \$1,123,262 paid in 55,752 checks.

Charges Russia Encouraged Nazis In War Efforts

PARIS, Feb. 12.—(INS)—The Paris newspaper L'Aurore charged that Russia was the first nation to encourage Germany to "shake the chains of the Versailles treaty."

L'Aurore, commenting on Soviet charges that the United States financed the Nazis and France and England encouraged Hitler's aggression, said that Russia actually did the encouraging in signing a non-aggression pact with Germany.

L'Aurore said: "If there is a nation with little justification to start polemics it is Russia because that power accepted an appeasement policy and tolerance toward Hitler in joining him in the war against Poland."

SPECIAL DELIVERY!

That's the way Valentines—and all other special things—should arrive. By Special Delivery!

Pardon us for pointing, but that's how electricity reaches you, too. By very special delivery—at finger-tip notice—1/10,000,000th of a second from the time you flip a switch.

That's not only super-speedy service, it's dependable service. So dependable, you've come to take it for granted around the clock and around the calendar.

Again pardon us for pointing, but keeping the price of electricity low in spite of steeply rising production costs takes plenty of practical planning—plenty of skilled and experienced people. The average family is still getting twice as much electric service for its money as it got 20 years ago.

And never has electricity done so much to make life easier, healthier, more comfortable for you!

ONE HOUR LATER. New time for the Electric Hour—The Hour of Charm. Sundays, 6:30 P. M., EST, CEB.

Eastward Extension Of Turnpike Planned

HARRISBURG, Feb. 12.—(INS)—A proposed four-lane highway linking Baltimore with the planned

eastward extension of the Pennsylvania Turnpike near Harrisburg is on the construction agenda of the State Highway Department today.

Chief Engineer E. L. Schmidt said the roadway would follow a new route, passing through York with a viaduct carrying it over

railroad yards and Codorus creek. Cost of the project has not been estimated.

A survey of the proposed route will be undertaken this year by a private firm, Schmidt added. Plans call for no more than five per cent grades.

Court House

Verdict Of \$3,500 Given Plaintiffs

Damage Verdict Given Against Two Defendants Jointly In Accident Case

OTHER EVENTS IN COURT HOUSE

A verdict of \$3,500 was awarded by the jury trying the suit of William and Mary Dudyeh and William Dudyeh, Jr., against Guido S. Pironti and Anthony J. Presto. Of the award, \$1,500 went to the parents and \$2,000 to the minor son. The case was one in which the plaintiffs claimed their car had been hit by the car of the defendants and William Jr. was injured. The plaintiffs are from Beaver county and the defendants from Corona, N. Y. The accident occurred on Route 19 in Washington township. The case was tried before Judge W. Walter Braham. Before Judge John G. Lamoree, the case of Charles H. Haag, of Pulaski township against Robert J. Ripple of Mahoning township was completed Wednesday. Mr. Haag claims his car was struck by the car of Mr. Ripple and damage done to it. He sued for the total of the bill for damages.

COURT HOUSE CLOSED
All offices of the court house are closed today marking Lincoln's birthday.

Relief Expenditures In State For 1947 Set At \$90,200,000

HARRISBURG, Feb. 12.—(INS)—Relief expenditures during 1947 in Pennsylvania approximated \$90,200,000 for a monthly average case load of 298,300 persons.

The Department of Public Assistance said while individual payments varied, the average monthly grant totaled \$25.20.

The D. P. A. reported 1,198 persons were added to the general assistance rolls during the week ended January 31, boosting the total burden to 301,806 recipients.

The federal government contributed approximately one-third of the money, while the state's share in the last seven months of 1947 was taken from the \$135,000,000 appropriated for relief during the biennium ending May 31, 1949. The balance of the money was allocated from the relief appropriation for the 1945-47 biennium which ended last May 31.

POLICE RECRUITS
HARRISBURG—Colonel C. M. Wilhelm, commissioner, Pennsylvania State Police, has announced that 23 veterans of World War II began training last week at the State Police Training School, Hershey, Pennsylvania. The newly appointed student recruits will be trained for general duty in the field and upon completion of the six months course will be assigned to duty on the highways.

Highways Head Tells Of Work To Supervisors

Almost 307 Millions Spent By State Highway Department In State In Past 16 Years

PHILADELPHIA, Feb. 12.—Expenditures of more than \$306,500,000 have been made by the Department of Highways during a 16-year period for improvement and maintenance of "farm to market" roads on the state system, Ray F. Smock, secretary of highways, today told the annual convention of the State Association of Township Supervisors. The sum is in addition, Mr. Smock said, to subsidies in excess of \$59,100,000 paid the second class townships from the motor fund pursuant to legislative appropriations.

The period covered in Mr. Smock's report extends from June 1, 1931, to May 31, 1947. During that time the department has paid out \$373,500,000 for im-

provements and maintenance of the main highway system or an outlay of 33.3 per cent of the total funds available spent on the "farm to market" roads. Subsidies to the second class townships amounted to another 6.4 per cent of the department's expenditures.

In 1931, the department assumed responsibility under legislative authority for 20,000 miles of secondary roads, previously the responsibility of local government units. Mr. Smock told the convention. Since that time the General Assembly has transferred an additional 5,000 miles to the state system. In the past 17 years, 21,000 miles of this assignment have been improved with the remainder scheduled for improved surface in the next five or six years.

The state, according to the road head, is responsible for the maintenance and construction of 41,000 miles of roads and streets and more than 20,300 bridges.

Faces Traffic Problem

Mr. Smock told the assembled supervisors, "The state faces a traffic problem in trying to solve the traffic needs of the users of our highways. The car and truck owners pay the bill for the maintenance, construction and reconstruction of the highways. The more traffic on a road, the greater is its earning power and the greater is the demand of the motorist for highways of greater width and depth to meet these traffic requirements. The most serious bottlenecks are in and adjacent to our metropolitan and urban areas. Forty per cent of our current federal aid each year, after matching by state funds, amounts to \$20,000,000. This sum, according to law, must be spent in urban areas. A similar sum must be expended on the main highways connecting such areas."

Mr. Smock told his listeners in conclusion that adequate highways must be built where traffic desires to travel. As evidence of this, 550 miles of new road were constructed in 1946, 900 miles in 1947 and 1948 calls for an equally large mileage.

Johnstown Has All-Time Record Of Employment

JOHNSTOWN, Pa. Feb. 12.—(INS)—Employment in the Johnstown area has reached an all-time record high, the Johnstown office of the Pennsylvania State Employment Service reported.

Joseph McDonald, labor market analyst for the PSES, said that some 72,950 persons are employed in the Johnstown area, despite shortages of gas, materials and railroad cars causing short weeks at times during the year.

The record mark surpassed the previous high in employment set in 1941, McDonald reported.

The outlook for the first months of 1948 was also reported good, based on the demand for garment workers, for construction workers and for coal and steel workers.

Large Group GI's In Training, V.A. Records Indicate

PHILADELPHIA, Feb. 12.—(INS)—The Veterans Administration has announced that up to January 1, 1948, a record high of 2,801,687 veterans are in educational institutions and on-the-job training establishments.

One in every three World War II veterans has taken some form of education or training under the GI bill or public law 16 (for disabled veterans) since both laws went into effect.

Almost three-quarters of a million educational institutions and on-the-job training establishments have been approved by state approving agencies and VA to offer training to veterans under the GI bill and public law 16. Nearly 700,000 of the total are job training establishments, the remaining 40,000 are educational institutions.

The term English walnut applied because the nut was carried in early commerce by English ships. More appropriately it could be called the Persian walnut for the land from which Roman wanderers spread it in early times.

Commodity Markets Slump Will Have No Steel Market Effect

NEW YORK, Feb. 12.—(INS)—The magazine Iron Age said that the drastic slump in the commodity markets has had no effect whatsoever on the iron and steel market, nor is it expected to have any adverse reaction.

It pointed out that at the very time commodity prices were tumbling, steel demand was increasing, although output had fallen off as the result of cold weather and material shortages.

Steel output production this week was placed at 93 percent of rated capacity, down one point a week ago.

The National Metalworking Weekly observed that the steel scarcity problem at the present time is almost as bad as it was a year ago.

It said that steel customers again were faced with a drop in their steel quotas for the second quarter, even before any concrete plans have been made for the special allocation of steel to so-called essential groups.

Iron Age warned that this tightness in supplies would be increased by further drastic cuts if the nation should face a coal mine shutdown on April 1.

It explained that because of dwindling coal reserves, brought about by extreme cold-weather conditions, the steel industry was in no condition to weather even a short-lived coal mine shutdown.

Within two to three weeks following such a disastrous strike, several of the more important steel companies would be forced to cut back steel operations as much as 50 percent, the magazine predicted.

WAYS TO USE MILK IN MEALS

If you dislike drinking milk, don't exclude it from your diet; it is a food so valuable, no one can afford to miss it.

Milk is one of the best known sources of calcium and vitamins A and C. It is at the top of the list of body-building foods—a strong builder of bones and teeth. Several tests have shown that milk plays an important part in prolonging life. There is no more complete food for the whole family.

If you or members of your family do not take to drinking milk, include it in your meals in many ways other than as a beverage.

Cheese is especially high in food value. Two one-inch cubes of American Cheese contains more protein than one cup of milk. Cottage cheese also is high in protein. One-fourth cup of this cheese has more protein than a cup of milk.

Milk can be used daily in hot cocoa, casserole dishes, puddings, and cereals.

Steaming cream soups on cold days make excellent use of milk. Use any vegetable the family is fond of—carrots, spinach, corn, celery, potatoes, onions, and others. The basic cream soup recipe requires:

- 2 cups of strained or chopped vegetables.
- 2 cups of milk.
- 2/3 tablespoons butter.
- 2/3 tablespoons flour.
- 1 teaspoon salt.
- 1/4 teaspoon pepper.

Make a white sauce of the butter, flour, milk, salt, and pepper. Stir in the hot strained vegetables. Serve immediately.

For more recipes and ways to use milk, send to the Agricultural Extension Office, 206 Post Office Building, New Castle, Pa., for the leaflet "Why Not Milk?"

Lock Haven Farmer Has Quality Grain

LOCK HAVEN, Pa., Feb. 12.—(INS)—Hans Fritz, Lock Haven farmer, may go down in agricultural history as a grower of a new variety of wheat which may boost

Pennsylvania's crop of high quality grain.

The wheat dubbed "Nu Red" because of its dark red shade, won first prize at the Pennsylvania state fair products show in Harrisburg, and the seventh annual Philip W. Pillsbury award for best Pennsylvania wheat.

Fritz' grain weight, 62 pounds per bushel, came from seed he selected for his 1946 crop. Each kernel was hand-picked to insure uniformity in size and color.

METAL "TRACERS"

CHICAGO — (INS)—Radioactive substances called "tracers" are being used by the metal industry to study the many aches structure of alloys and to measure the sulphur and phosphorus content of iron and steel. According to scientists in the Institute of Metals at the University of Chicago, one of three institutes in a 12 million dollar research program, the research may lead to new processes for increasing the efficiency of gas turbines.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy Is Released To Every Muscle, Fibre, Cell

Do you get up in the morning still tired, fed down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often weakens down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. Vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps build sturdy health.

Auto-Truck Crash Kills Young Driver

PITTSBURGH, Feb. 12.—(INS)—One man was killed and another injured in an auto-truck accident in the Pittsburgh district yesterday.

John Susa, Jr., about 24, was killed Wednesday afternoon when the coal truck he was driving collided with a panel truck one mile west of Crafton.

Hurt in the same accident was John Evanko, 22, of Coraopolis, who was riding in the truck with Susa, his fellow townsman. Evanko was taken to a hospital suffering from head injuries.

Three Families Flee From Fire

PITTSBURGH, Feb. 12.—(INS)—A two-alarm fire badly damaged a Pittsburgh women's apparel shop Wednesday night, forcing three families from their upstairs apartments.

The flames spread over the walls and ceiling of the storehouse and merchandise of the shop, although firemen quickly brought the blaze under control.

Three families living on the second and third floors of the brick building were forced out of their homes by the smoke but were able to return later. No one was injured.

Commerce Head Seeking Deeper Loyalty To U. S.

President Earl O. Shreve, Of U. S. Chamber of Commerce Makes Impassioned Plea

WASHINGTON, Feb. 12.—(INS)—President Earl O. Shreve of the U. S. Chamber of Commerce said that some Americans profess to be "liberals" while championing "a world that has declared war to the death on every liberal idea and institution."

In a plea for a deeper understanding and "a greater loyalty to America and its liberal values," Shreve declared that "these people are actually mental expatriates" and said "our job is to expose their hoax."

Shreve told the Washington Rotary Club: "And we cannot afford to fail. If they get away with it here, where the liberal tradition and liberal way of life are most robust, the last hope for western civilizations will be dead."

Selling U. S. Short
Shreve said that "too many in our midst seem ready and even anxious to sell America short," and added: "Instead of dedicating themselves to improving our social system, they would destroy it. Such methods and such preachments are utterly destructive. To throw away the instruments of progress which have served us magnificently throughout American history would be sheer vandalism. It is still vandalism, no matter how beguilingly it is decked out in the raiment of 'liberalism' and 'progressivism.'"

He declared that it's about time the American people insisted on inspecting the goods under the labels and said: "I submit that those who would pull the pros from under our system of freedom are not liberals but the enemies of liberalism. They are not progressives but the foes of progress."

Johnson Must Serve Sentence

PHILADELPHIA, Feb. 12.—(INS)—The Third U. S. District Court of Appeals Wednesday handed down its mandate in the case of Donald M. Johnson, virtually closing the last door behind him in his attempt to escape a two-year sentence for conspiracy to degrade justice.

The mandate notifying Johnson when to begin sentence will be dispatched to Scranton. He had been out on bail pending his appeals.

Last Monday the U. S. Supreme Court had refused for a second time to review Johnson's conviction for conspiring to obstruct the administration of justice in the Federal court for the middle district of Pennsylvania. The circuit court's action today was a result of the supreme court's refusal.

Johnson had been sentenced to two years and fined \$10,000 in the trial court.

He was accused specifically of selling the judicial favors of his father, former Judge Albert Johnson of the middle district court.

The father, who was acquitted on a similar charge, resigned the bench before his acquittal.

Special Services At Westminster

Spiritual Emphasis Week To Be Observed At College Feb. 15-20

NEW WILMINGTON, Feb. 12.—Although Dr. Harry J. Hager, pastor of the Bethany Reformed church of Chicago, speaker for Spiritual Emphasis Week at Westminster college Feb. 15-20, will not arrive on campus until Monday, the services will open Sunday evening in the chapel.

Dr. Robert Gibson, secretary of the Board of Christian Education of the U. P. church with offices in Pittsburgh, will open the services Sunday evening, according to Dr. W. J. Harper McKnight, college pastor.

Dr. Robert Galbreath, former

Westminster president, will speak at morning and afternoon chapel services with Dr. Hager delivering his first message at 7 Monday evening.

Dr. Hager will address the students at both daily chapel services with all-college services being held nightly in the chapel at 7. He will be available to individuals and groups for special conferences.

Dr. Hager is a native of Grand Rapids, Mich. He has held the highest possible positions in the Reformed church and is widely known for his radio sermons.

5370 Audiences Hear Talks By State Police

HARRISBURG, Feb. 12.—During 1947, a total of 1,347,703 persons attended 5,370 meetings to which members of the State Police were assigned to give the people of Pennsylvania first-hand information concerning highway safety and the criminal investigation duties of the Force, according to a report issued from State Police Headquarters.

This attendance marks an increase of nearly a half million

persons over 1946, when 846,725 attended 3,580 meetings.

Of these, 4,454 school groups had a total attendance of 1,093,779 in 1947, while 740,556 school children attended 2,855 similar assemblies during 1946.

The remaining 886 meetings were sponsored by church and civic groups and had an attendance of 233,986. In 1945, these activities sponsored 725 meetings attended by 108,169 persons.

Truman Will Not Be Given Power

Congress Not Likely To Grant President Power For "Selective" Rationing

OTHER NEWS OF NATIONAL AFFAIRS

WASHINGTON, Feb. 12.—(Special To Central Press)

peets are still virtually nil Congress will give President Truman the power he has requested to clamp ceilings on prices and wages on a "selective basis."

However, there is a trend toward revival of consumer rationing of meat and probably some other products. If the meat shortage becomes particularly acute this spring, it is entirely possible that a rationing bill will be passed.

Such a bill would also provide for the channelling of short supply commodities to most essential uses in industry and trade. Congress would not approve any kind of consumer rationing without rationing industry.

Senator Ralph E. Flanders (R., Vermont), is leading the movement for consumer rationing of meat in the Senate. He is seeking support of the representatives of the cattle industry of whom there are several in the Senate.

Bills on which early action is to be expected are: Continuation of the power granted the President to ration grain for distilling, and extension of rent control, scheduled to expire Feb. 29.

MINOR DIPLOMACY

Behind the major issues between the United States and the Soviet bloc of states many petty discrepancies speckle the diplomatic picture almost entirely unnoticed. Diplomats notice them and take retaliatory action when they can. However, by and large, Russia controls the picture.

For instance there is the spat over the magazine, Amerika, printed in Russian and distributed in Russia by the State department's information service. Moscow allows 50,000 copies of each issue to be printed and, until recently, allowed the United States embassy to distribute a few additional thousands gratis to friends in the Soviet government. This was stopped.

The State department considered imposing comparable restrictions on the Soviet Embassy's information Bulletin, printed weekly in Washington and sold for 10 cents a copy. However, it didn't, fearing further punitive action against Amerika, its sole printed medium of information to the Russian people.

Another item: importation of food and other necessities scarce in Russia is strictly limited for the embassy staff, forcing them to buy many items at inflated Russian prices—using dollars in payment—or go without.

The United States cannot retaliate because the Russian diplomatic corps can get all the foodstuffs it wants—possibly excepting caviar and vodka—at reasonable prices and in any quantity in United States markets.

BLACK RUBLES

The Soviet Information Bulletin, which seldom admits that life in Russia is anything but Utopian, acknowledges in its current issue that even Communism cannot do away with black marketeers. Explaining the recent drastic devaluation of the ruble, the Bulletin says: "It is obvious that profiteering elements exploited the great discrepancy between the state and market prices, as well as the existence of a great amount of counterfeit money, in order to accumulate large amounts of money, for the purpose of making a profit at the expense of the population."

The Bulletin concedes that the yen for profit is as intense in Russia as it is in capitalist countries. It states:

"The profiteering elements, which profited during the war and accumulated a considerable amount of money, must not be given the opportunity of buying up goods after the abolition of the rationing system."

GOOD NEIGHBOR YEAR

HARRISBURG—Governor James H. Duff has urged Pennsylvanians to devote the period from Feb. 12 to Feb. 22, inclusive, to further the observance of Good Neighbor year by holding meetings in churches, homes, schools and public places to review individual and community progress toward general appreciation of the Golden Rule. He urged that Good Neighbor groups be organized throughout Pennsylvania in this period which begins with Lincoln's birthday anniversary and ends with that of Washington.

DOCTORS PROVE PALMOLIVE BEAUTY RESULTS

State Health Department To Be Surveyed

HARRISBURG, Feb. 12.—(INS)—Plans are being made today for a survey aimed at streamlining administration policies of the health department.

The study will be undertaken by the American Public Health association with a view to streamlining the department's operating procedures.

Recommendations may call for the most drastic changes in the 42-year history of the agency.

Department officials are reluctant to discuss the survey other than to report that the idea originated with them and has the approval of Gov. James H. Duff.

No comment could be obtained on costs or the availability of funds to underwrite the extensive research which may take more than six months.

In the fall, the state medical society and Pennsylvania Public Health association urged the governor to invite a "nationally known" authority to evaluate the commonwealth's health service as the basis of overhauling and modernizing facilities.

Duff rejected the proposal, claiming he had sufficient expert advice from Health Secretary Norris W. Vaux.

The PPHA called for an appraisal on both a state and local basis.

Pennsylvania's health services had not been subjected to "objective, scientific review and analysis for a period of many years," it pointed out.

Funds Appropriated
The General Assembly has appropriated funds to cover a thorough investigation. The department's biennial budget now is \$32,000,000.

Integration of numerous health functions presently assigned to other departments, such as bakery inspections by the Agriculture department, may come under consideration.

Study of similar conditions on local levels can be expected.

During recent years, the health department has expanded a number of services and taken on new ones.

Tuberculosis control has been accelerated and enlarged, cancer control has been initiated, a half dozen rheumatic fever detection and treatment clinics have been opened throughout the state and responsibility for enforcement of restaurant sanitation has been given the department.

The agency also has taken up charge of a state-wide student medical inspection program as well as continued stream clearance supervision through the sanitary water board.

Reserve Officers To Meet Tonight

National Security Week Will Be Observed With Dance: Plans To Be Completed

Final plans for the National Security Week dance of the Lawrence County Chapter of the Reserve Officers Association will be made at their regular monthly meeting to be held this evening in The Castleton hotel. Captain John Mortimer, chairman of the dance committee, said today that indications are that a large crowd will be in attendance.

Planes To Spread Feed For Animals

HARRISBURG, Feb. 12.—(INS)—Game protectors and local sportsmen in Jefferson county are prepared to use airplanes to spread feed to game in snowlocked sections of western Pennsylvania.

The State Aeronautics Commission has authorized the Pine Creek Sportsmen's Association to drop 100 pounds of apples and 60 bushels of corn for deer, wild turkeys and other game in isolated areas of Jefferson county.

BEAVER TWP.

The Enon Valley Woman's club will have their next regular meeting on Tuesday evening, February 17, at 8 o'clock in the Enon Valley Presbyterian church. Famous Men and Women, a patriotic program, will be presented, followed by a birthday tea in charge of the social committee.

The choir of the Rocky Spring U. P. church directed by Mrs. Gray Foster will begin practice this week on their Easter song service. Mrs. C. H. Todd, pianist, Mrs. G. D. Van Horn of Little Beaver township was pleasantly surprised when a group of her neighbor ladies came to spend the day and brought food prepared ready to serve a delicious dinner. It was Mrs. Van Horn's 77th birthday anniversary Monday, February 9.

2. Numerous gifts were presented Mrs. Van Horn with best wishes. ALMIRA HOME PAYMENT HARRISBURG, Feb. 12.—Auditor General G. Harold Wagner has approved payment of \$875 to the Almira Home, New Castle, for the quarter ending November 30, 1947. The funds are paid from legislative appropriations for the support of state-aided institutions.

Plan Hospital Expansions In Pennsylvania

Hospital Groups Will Be Heard At Public Hearings In State Capitol At Harrisburg

HARRISBURG, Feb. 12.—(INS)—Hospital groups will have an opportunity to pass on the state's tentative plans for hospital expansion under a federal program during a public hearing today at the state capitol.

The hearing will be conducted by the state welfare department which cooperated with a special survey committee appointed a year and a half ago to blueprint hospital needs, particularly in rural Pennsylvania.

The committee's initial report grants high priority to country hospitals which generally have wide-spread service areas and suggests construction of new bed facilities ahead of replacements.

Hospitals Crowded
Greatest crowding was reported in state mental hospitals where 22 per cent more patients were being cared for than accommodations warranted. A space shortage also was noted in tuberculosis hospitals that had waiting lists. Even general or non-profit hospitals were forced to add beds in corridors to take care of an unprecedented demand for attention, according to the report.

Pennsylvania had 3.7 beds per 1000 population, it was claimed, compared with a normal ratio of 3.5 beds per 1000 people.

Besides being pressed for space, many hospitals were antiquated, ill planned or generally unsuitable, the committee said.

Pennsylvania, believed ahead of other states in planning expansion, would be entitled to \$4,780,915 a year over a five year period from the federal government if the plans are approved by the surgeon general.

Hospitals have claimed expenditure of a billion dollars was necessary to provide adequate facilities.

JOBLESS PAYMENTS
HARRISBURG.—Ramsay S. Black, state treasurer, announced that Unemployment Compensation Benefit Payments to jobless Pennsylvania workers during the week ended January 30, 1948 totaled \$947,201.82, paid in 55,715 checks.

Up to October, 1946, there were 35,000 radios in United States homes.

Fill Vacancies On State Health Board

HARRISBURG, Feb. 12.—(INS)—Three of four vacancies on the state advisory health board were filled today by Gov. James H. Duff.

The new members on the seven-man policy fixing board are Drs. George S. Klump of Williamsport, James D. Stark of Erie and Esmond R. Long, Wayne, Delaware county.

They succeeded Drs. Merle G. Colvin of Williamsport, T. Palmer Tredway of Erie and Joseph Scattergood, Jr., West Chester, whose terms expired.

Other members are John J. Hughes, Wilkes-Barre; Dr. Herbert K. Cooper, Lancaster; and James D. Lewis, Scranton.

The posts carry no compensation and call for advisory functions in establishing the commonwealth's health program.

Stassen Speaks At Greensburg

Avowed Candidate For Republican Presidency Lauds Work Of Senator Vandenberg

GREENSBURG, Pa., Feb. 12.—(INS)—Harold E. Stassen, avowed candidate for the Republican presidential nomination, was once again on record today as a follower of Sen. Arthur Vandenberg's foreign policy.

In a Lincoln Day talk delivered before the Westmoreland county

Republican organization at Greensburg last night, the former Minnesota governor called upon rank and file Republicans to follow Vandenberg's leadership in world affairs.

Supports Vandenberg
Stassen made it clear that he considers the Michigan senator to be the only other Republican on the national horizon capable of coping with foreign policy. He has repeated time after time that the Vandenberg foreign policy is the Stassen policy, even down to details.

Stassen avowed any mention of Sen. Robert A. Taft (R) O., and Governor Thomas E. Dewey of New York, his rivals for the presidency. He credited Vandenberg

with development of the "sound humanitarianism" of the Marshall plan and with correcting the imperialistic flair embodied in the original Truman doctrine.

For the fourth time in four months, Stassen declared he would work "close" to the Pennsylvania Republican state organization. He apparently, therefore, will not force a presidential preference primary in Pennsylvania, as he will do in Ohio and other states.

Tonight, Stassen will address the Germantown, Pa., Republican club.

The United States and the United Kingdom purchased over three-fifths of Canada's exports for the first half of 1947.

Seek To Exterminate Philadelphia Rats

PHILADELPHIA, Feb. 12.—(INS)—The Quaker City's health department became the "Pied Pi-

per in a campaign aimed at ridding Philadelphia of rats.

Public Health Director Dr. Rufus S. Reeves said that rat pollution has reached proportions "so great that we must do something drastic."

Dr. Reeves said there has been an increasing number of rat-bite cases at city hospitals.

He advised householders to destroy left-over food or to keep it covered in metal containers.

As part of the anti-rat campaign, 75 sanitary inspectors will attend rodent extermination classes sponsored by the health department's division of housing and sanitation beginning Feb. 18.

Demand Anderson Resign His Post

Senator O'Daniel Of Texas, Demands Secretary Of Agriculture Quit, Result Of Commodity Break

By JOHN BOOTH
(U. S. Staff Correspondent)
WASHINGTON, Feb. 12.—Secretary of Agriculture Anderson Wednesday bared the shrewd operations of E. T. Maynard, Chicago trader who the cabinet member said netted nearly \$400,000 last week as the commodity market broke.

Anderson's identification of Maynard as the million-bushel wheat operator who "called the turn" on the sagging market topped a brisk series of Washington developments in the commodity situation.

Others were:
1. Senator O'Daniel, (D) Texas, charged on the Senate floor that Anderson is "wholly responsible" for inflationary food price rises and demanded the secretary's immediate resignation.

2. Anderson asked Congress for authority to avert "boom or bust" market behavior by slapping restrictions on commodity speculation.

3. Rep. Andresen (R) Minn., chairman of a special House committee probing speculation, accused Anderson of attempting to "throw a smoke screen" around leaks of inside information on government grain buying policies.

4. Democratic members of Anderson's committee charged him with using the group for "partisan political purposes" and demanded that he hold immediate hearings on his inside-information allegations.

5. The Agriculture secretary angrily denied charges of Senator Fair (R) Ohio, that the administration is attempting to support collapsing grain prices.

Anderson Denounced
O'Daniel, in a thundering speech, bitterly denounced Anderson as the "biggest bull operator in the wheat market the world has ever produced."

The Texas asserted that the government's "speculation" in wheat was to "increase the prices of food and clothing to the extent that people will demand price control."

Rep. McCormack (D) Mass., House Minority whip, headed the group of three Democrats accusing Anderson of partisan politics in the tangled grain situation.

The trio declared that Anderson made a "flagrant violation" of an agreement not to issue public statements relating to the investigation of commodity trading while the inquiry was in progress.

Anderson told the Senate Agriculture committee that Maynard sold a million bushels of wheat short as the market began its decline, made \$200,000 on the deal, and up to \$200,000 additional in other grain transactions.

In Chicago, Maynard readily identified himself as the trader named by the cabinet member. Maynard, secretary of the Santa Fe Elevator Corp., called the commodity trading inquiry a "political football" and described his own operations as "routine."

Urges Theatres In State Join Drive To Save Fuel Oil

PHILADELPHIA, Feb. 12.—(INS)—Brig. Gen. Brenton G. Wallace, state fuel coordinator, urged a reduction of movie matinees Wednesday as an oil-saving measure.

Wallace suggested that motion picture theater owners who do not operate continuous shows halt matinee showings.

It was explained theatres must be heated for at least three hours before shows, using up valuable fuel oil.

The coordinator made his request to Sidney Samuelson, general manager of the Allied Independent theater owners of Eastern Pennsylvania.

Seek Cooperation
He asked Samuelson to pass along the request to Allied Independent theater owners of western Pennsylvania. Samuelson said he would act promptly on the request.

Samuelson said printed bulletins will be mailed to owners of some 700 theaters in eastern Pennsylvania concerning the request.

Wallace also named three new county fuel oil co-ordinators: Russell G. Leinbach, Berks, with headquarters at Reading; Ralph E. Bartholomew, Northampton, headquarters in Easton; and C. C. Heck, Franklin, headquarters in Chambersburg.

W. Rockefeller To Wed Divorcee

Palm Beach Taken By Surprise In Announcement Of Coming Nuptials

PALM BEACH, Fla., Feb. 12.—(INS)—Palm Beach was in a dither today over the unexpected—some said startling—word that Winthrop Rockefeller has filed notice of his intention to wed Mrs. Barbara Sears, 31-year-old blond New York divorcee.

First word of the impending marriage of the man regarded as the world's most eligible bachelor came in the following announcement from Rockefeller's New York office:

Announcement Made
"Mrs. Barbara Sears, daughter of Mrs. Peter Nevekas of Chicago, Ill., and Mr. Winthrop Rockefeller, son of Mr. and Mrs. John D. Rockefeller, Jr. of New York made application for a marriage license today at Okeechobee, Fla."

"Mrs. Sears attended Northwestern university and made her debut in Chicago in 1933. Her former marriage to Richard Sears was terminated by divorce. Plans for the wedding have not yet been announced."

The 33-year-old grandson of the late John D. Rockefeller, billionaire founder of Standard Oil Co., declined to comment when reached at the home of friends in Palm Beach where he is staying.

Woman Surprised
Mrs. Sears, who is the guest of Winston Guest, the polo star, and Mrs. Guest, was surprised when told the story of the impending marriage had been made public.

"Oh," she exclaimed, "the announcement of our engagement was supposed to have been made Friday." She declined further comment.

Although no date was announced for the wedding they could be married tomorrow under Florida's three-day waiting law and many believe that is the date they have selected.

Wrap Cellophane Around Heart

VICTORIA, B. C., Feb. 12.—(INS)—A male patient in Victoria's St. Joseph's hospital is recovering today from an operation which left his heart wrapped in cellophane.

The cellophane was placed around the heart after the operation to stimulate growth of a new wall of the heart and to prevent a rupture of the organ.

Dr. J. D. Stenstrom performed the rare and delicate operation to correct a defective condition of the heart. Hospital officials said they believed it was the first operation of its kind ever performed in Canada.

Draft Service Still Functions

Selective Service Headquarters In State Operates As Service Records Office

OTHER NEWS OF STATE AFFAIRS

HARRISBURGH, Feb. 12.—(INS)—World War II has all but passed into the "remember when" stage for many Pennsylvanians but one of the most vital state offices during the war, Selective Service headquarters, continues to function. . . . Now known as the Office of Selective Service records, it has completed arrangements whereby the commonwealth's 422 wartime local draft boards can be activated within one week. . . . Approximately 80 per cent of the number of people who served during the last war have volunteered to their old jobs in case of an emergency.

A slip of the tongue by a number of John Dent's family revealed that the Senate minority leader's self-styled swan song in the upper chamber at the end of the 1947 session of the legislature last year was little more than a wet-eyed sham. . . . Dent announced plans for quitting the General Assembly and possibly of moving out of the state. . . . Regrets were expressed all over the Senate chamber for

Dent is a personable—if oft-times loud—Senator. . . . Much surprise was registered when Dent announced his candidacy for re-election. . . . A reporter expressed astonishment at the somersault but Mrs. Dent laughed and said the Senator never intended to leave Pennsylvania.

Acting Speaker of the House Herbert Sorg, of Elk, reports that most of the Republican members of the lower chamber expect to seek re-election. . . . One exception probably will be Rep. Ellwood J. Turner, Delaware Republican, who has been ill for several months. The Senate reports that none of the Senators whose terms expire this year will retire. . . . Twenty-five Senators and 208 members of the House will be chosen by the voters in November.

Carl Mau, of Marcus Hook, the self-styled "GI candidate for governor" in 1946 will seek the state Senate post of Weldon Heyburn who is the Republican candidate for auditor general. . . . Heyburn has represented Delaware county since 1936.

Programs to improve the qualifications of public officials have been accelerated by the State Public Service Institute. . . . The courses cover employees ranging from the minor judiciary to firemen. . . . The Department of Internal Affairs recently inaugurated a training course for its statistical and research staff to help local governments improve record-keeping and avoid red tape.

Three out of five fatal motor accidents occur at night. Winter months, like November and December, are especially hazardous because of the greater number of hours of darkness, the National Conservation Bureau warns.

Good Will Conference Debate On February 24 To Discuss Local Problems

Discussing local practical problems of brotherhood, the local organization promoting tolerance and better understanding, the Good Will conference will meet for a debate on Tuesday evening, February 24, at 8:30 o'clock. The session will be at The Castleton.

The subject is most timely and during this month in which we honor the birthdays of two of the greatest men of this country, Lincoln and Washington, it is most fitting that the Good Will conference promote a debate, discussing problems in a neighborly fashion. The debate panel will have as its participants, Rev. J. L. McFarland, Rev. R. F. Galbreath, Dr. Iwan J.

Feller To Quit Trying For New Records

By LAWTON CARVER
(International News Service Sports Editor)

NEW YORK, Feb. 12.—Bob Feller, the former cow-milker and plow-boy, said today that he is through trying to set pitching records and from here on will center his attention exclusively on winning ball games and conserving his vast skill.

Feller thinks he will be able to pitch better than ever for the Cleveland Indians next season and he is convinced that if he has a big year the Indians will be running with the leaders all the time in the American league pennant race.

Meanwhile, he is in New York completing arrangements for a youth program which he heads. The one time Iowa farm boy has grown into an amazing man of many enterprises since he came to the Indians as their prize pupose of all time at the age of 17 in 1936.

He was just a thrower then with blinding speed and a strong back. His technique was simple: Just far back and let 'er fly.

He's a pitcher now, with a good curve ball to go along with his fast one. He insists his fast one is as good as ever. Most observers disagree.

However, at 29 he is wealthy and a potential 30-game winner at the start of any season.

Can Stay At Top

As long as he flirts with that kind of winning record he will remain among the all-time highest salaried players.

He doesn't need to be so fast any more. You can't tell the difference from the grandstands and people still pay to watch him throw.

About that record-breaking, he said:

"I've got about 14 pitching records now, and even if I could break any more it's too tough to keep on trying it. There is a lot of luck involved in breaking records."

"All I want to do now is win as many ball games as I can. I don't know whether we can win the pennant, but we should be up there close if I have a good year."

Appraises Clubs

Feller figures the American league pennant contenders stand

about like this, but not necessarily in this order:

Yankees—Same tough club, with real mean outfield composed of Charley Keller, Joe DiMaggio and Tommy Henrich, with Johnny Lindell available. Pretty fair pitching.

Red Sox—Much tougher because of the trades with the St. Louis Browns. Williams-Dom DiMaggio-Stan Spence outfield among best as combination for fielding and hitting.

Potentially great pitching. Infield problem centering around whether Vern Stephens (ex-Brown) or Pesky will be able to get in to fill short and third.

Tigers—Good pitching, mediocre in all around balance.

Indians—May be the club to beat, if Feller holds up and good pitcher or two comes out of big batch of youngsters.

Feller is ready to play his part. He weighs under 190 pounds, or within a pound or two of his weight when he came up in 1936 and stood baseball on its ear with his strikeout pitching.

Army is ok. Had a little trouble in 1947, but his high hard one and curve will be whistling again as usual.

Johnny Izzo To Box Keene Here

Keene, Jones, Newkirk, Recent Winners, To Box: Pete Misto Turns Pro'

Johnny Izzo, middleweight of New Castle, who defeated Johnny Komlo, who registered a victory over Russell Baxter, has been matched to box Julian Keene of Washington, D. C., in one of the bouts on the Elkins Brothers vs Jeff Clanton heavyweight fight in the Arena on February 25. The other bouts arranged by Matchmaker Leach of the Jefferson A. C. follow:

Benny Newkirk, this city, vs Jack Burdonovich, Monaca, 145, four rounds.

Ray Lopez, Pittsburgh, vs Pete Misto, Youngstown, 147, four rounds.

Miles Jones, Washington, D. C., vs Jesse Glenn, Pittsburgh, 147, six rounds.

Interest already is being displayed in the coming go, because of Clanton's claim he will defeat Brothers, who knocked him out in the first round some weeks ago.

East Brook Tops Polish Falcons

In a surprise upset 44 to 43 the East Brook Boosters gained considerable recognition in local basketball circles last night by edging the strong Polish Falcons, at the East Brook floor.

The Falcons got off to a big lead in the first period, 12 to 6, but at the half it was only 23 to 21 in favor of the Falcons. The third period ended all even at 32-32. Play in the final period was closer than a couple of Siamese twins, the East Brooks coached by the veteran Marvin Kuth, finally getting a one-point advantage.

Scoring stars in the game were—Clark and Eddie Kozella.

Two Bucs Still Remain Unsigned

PITTSBURGH, Feb. 12.—(INS)—Only two Pittsburgh Pirates remained unsigned today with the announcement that Pitcher Elmer Riddle had inked his 1948 contract.

The two unsigned Bucs are Outfielder Wally Westlake and Catcher Earl Turner.

Riddle, obtained from the Cincinnati Reds where he won 19 games in 1941 and 21 in 1943, said he had delayed signing because he wanted to make sure he'd be of help to the Pirates. He's been plagued by a sore arm for several years but feels he can regain some of the old magic.

Johnstown Planning New Stadium Lights

JOHNSTOWN, Pa., Feb. 12.—(INS)—It was announced today that the flood-lighting system at Point stadium, home of the Johnstown team in the Middle Atlantic Baseball league, is to be modernized at a cost of about \$25,000.

City council has voted \$18,000 toward the project and the ball club is to put up \$5,000 more.

GRID GIANTS SIGN TWO

NEW YORK, Feb. 12.—(INS)—The New York Football Giants had corralled two additional rookies today, but probably were setting more store by the six Sunday dates awarded them for 1948 at the Polo grounds.

They will open the National league season there October 17, and bring it to a close December 12.

Outdrawn last year by the rival Yankees, of the All-America Conference, the Giants have instituted an all-out campaign for a restored prestige in 1948.

The new men signed were Duke Halfback Howard Hartley and Pete Lanzl, an end from Youngstown, O.

Ed McKeever's Letter Touches Off Coast Blast

Former SFU Coach Questions Eligibility Of Players; Cites Pay Checks

SAN FRANCISCO, Feb. 12.—(INS)—Charles Harney, chairman of the University of San Francisco's board of athletic control, declared today that the University "made a mistake" in wiring Ed McKeever as the school's gridiron mentor.

Harney's remark followed receipt of a strange letter from McKeever, now head coach of the Chicago Rockets of the All-American football conference.

McKeever's letter, questioning the future eligibility of twenty-two USF football players, implied that Don athletes are paid from \$40 to \$75 a month and "in some cases a substantial amount over that figure."

Sent To Moderator

The letter was sent to the Rev. Jerome J. Sullivan, USF athletic moderator. Copies were received by Victor O. Schmidt, commissioner of the Pacific Coast conference, and by officials of Stanford, California, St. Mary's and Santa Clara.

The letter was written shortly after McKeever quit the San Francisco Hilltop school to become coach of the Chicago Rockets. At that time, it was generally known that McKeever was feuding with his assistant, Joe Kuharich, who was elevated to head coach of the Dons shortly after McKeever pulled out.

Informed that one bay region coach said the letter was "Ed's way of hitting back at Joe Kuharich," McKeever exploded:

"No! No! That isn't it at all."

McKeever said he intended only to "give information" with regard to the eligibility status of twenty-two football players he himself had recruited in the east and brought to USF last season.

As for McKeever's hint that USF athletes are paid, Harney Sullivan said the Hilltop school "observes all Pacific Coast Conference and NCAA rules and does nothing that other schools do not do."

Harney's explanation for that part of McKeever's letter was that any money paid to athletes was for value received. He said "they worked for it" on legitimate jobs.

OPTIMISTS CLUB is to be commended for widening its sports program. Having already provided a Labor Day Orange Crate Derby, marble shooting contest in May and an airplane model meet in July, the organization has now arranged a mid-winter event—an Ice Carnival at Cascade Park, Friday night. This is another activity for the younger people. Most of the events will be limited to boys and girls, 16 years old, or under, with only specialty acts having no age barrier. There is no entry fee, and admission will be free. All of the events will be amateur. There will be speed events, dancing on skates, comedy routine and several breath-taking thrill acts. Everything appears to be an interesting evening, and the organization and its president, Otto Pearsall, deserve plaudits for adhering to the organization's motto, "Friend of the Boy."

With local creeks, in which there are fish, covered with ice, some of the piscatorial tribe are apt to be suffocated for lack of oxygen. However, "Rory" White, deputy fish commissioner of New Wilmington, does not believe there will be any big loss. He points out there are open places in all of the streams, and also riffles. Fish make for these openings, he explained. The stocking program will be held up pending the disappearance of the ice. Bass was stocked in the Big Neshannock and Little Beaver last fall, and the Slippery Rock creek has been made an all-trout stream. No bass were stocked there, White reported. Trout season will come in April 15.

Reports from Buffalo state Jeff Clanton has begun training for Elkins Brothers. He believes he will reverse the situation in the second "go" he wrote Matchmaker Tommy Leach.

U. S. Captures Table Tennis Mixed Doubles

LONDON, Feb. 12.—(INS)—The world's table tennis mixed doubles championship was American property today following a hectic "star-ridden" match staged by the nimble U. S. pair Dick Miles of New York and Thelma Thall of Columbus, Ohio.

The Miles-Thall tandem repulsed the challenges of four nations to gain the final round, and then after trailing by two sets, whirled through three straight "21's" to defeat the Czechoslovakian aces Bohumil Vana and Mrs. V. Porskova 13-21, 14-21, 21-19, 21-9.

PULASKI CARD MCKEESPORT FIVE

Coach Al Gonet and his K. Pulaski "Big Five" will have their hands full this coming Sunday at the Arena floor when they meet another "Big Five", from McKeesport, at 3:30 o'clock.

This is the best attraction that we have booked in years, was the way Gonet put it, and we look for a tough tussle, with the powerful fast-breaking McKeesporters.

Plenty Of Stars

In the McKeesport lineup will be such well known stars as Bob Acton, 6-foot 4-inch former Duquesne and Salem college star, "Ziggy" Kaminsky, who played with Freddy Wimer at Salem this year, and who has quit school, Walter Parucha, also a former Salem college star; Stan Skelley, former McKeesport High star, and also from the McKeesport High teams of other years, Lionel Caldwell, from Glassport, Paul Raszewski, leading scorer in the valley, and Charley Pasternak, also a former McKeesport luminary.

The last time these two teams tangled was in 1946 at McKeesport and the McKeesporters won 53 to 34 in a thriller. The local K. P. team is out for revenge. The McKeesport team has won 18 and lost but two this season.

Other stars on the McKeesport team are Bob VanEgan, the property of the Brown Red Sox; Nick Kazros of McKeesport, Andy Dudek and Eddie Stack.

ELKS PLAYING AT ALIQUIPPA

Elks Five Will Play Return Game With Valley Coaches, Ohio Champs Here Saturday

Hoping to secure a little revenge for the defeat handed them at the Washington High floor a few weeks ago by the Beaver Valley coaches, the New Castle Elks will go to the Aliquippa High floor for a return game tonight, it was announced by Basketball Chairman John D. Hite.

"We hope to do a lot better tonight," Coach Paul Morrison said. The Elks will have their strongest possible lineup available, it was indicated, with Freddy Wimer a possibility in the lineup.

Saturday night the Elks have a game booked with the strong General Fireproofing of Youngstown, industrial league champs in 1946-47. The Elks Reserves will play the prelim at 7:15 o'clock with a fast local team. The General Fireproofing team is one of the finest attractions booked here this year.

First U.P. Wins Over Methodists

Score 43-21 Victory: Epworths Edge Third U.P.: Calabra Club Wins

The fast-moving First U. P. team took another game in stride last night in the church league, trouncing the First Methodists, 43-21, led by Bob Jackson with 13 points.

The thriller of the night went to the Epworths, who nosed out the Third U. P., 37-26. Wainio paced the victors with a 15 total.

In the lone C-1 game, the Calabra Club welcomed the Universal Pottery, 45-29. Calazza and Stewart starred for their respective teams.

Tonight the first game will pit two unbeaten teams together—the First Baptists and First U. P. Neither has lost in the second half. The second game will see the Universals and the Shenango Pottery renew their feud and the finale is set between the Legion and United.

Penguins Dump W. & J. 59-57

YOUNGSTOWN, O., Feb. 12.—(INS)—Youngstown College's basketball staffed off a terrific Washington & Jefferson rally in the last quarter to defeat the Presidents 59-57 at Youngstown last night.

Youngstown led at the first quarter, 21-3; at halftime 34-22, and at the three quarter mark 50-34.

Jack Christen temporarily regained the tri-state individual scoring lead as he boosted his season total to 234 points, by looping 13 last night.

Penn State, Lambert Trophy

winner in 1947, will play a nine-game football schedule in 1948.

Pulaski Cubs Top VFW 65-64

Before a small and disappointing crowd at the Union High gym last night the Pulaski Cubs eked out a slim 65 to 64 win over their rivals, the VFW Post 315 team, in a benefit for the Walter Boron family.

It was a thrilling battle all the way. The Pulaskis led at the first period, 14 to 11, and at the half, 31 to 29, increasing their lead to 50 to 44 at the end of the third period, and in the final heat it was a see-saw affair. McMillin had a chance to send the game into extra-minutes but missed a foul shot, after the whistle had ended the game.

Scoring stars in the game were: "Blackie" Ryczaj for the Cubs with 24 points and Dave Kanagy of the Vets with 21 and Procopio of the Vets with 20. Another game between these two teams will draw a large crowd, it was indicated, as they are natural rivals. Yesterday being Ash Wednesday was no doubt accountable for the small crowd.

Unbeaten Lions Face Tough Test

NEW YORK, Feb. 12.—(INS)—Columbia University's unbeaten record will be exposed to possible elimination tonight in an Eastern Intercollegiate League meeting with Pennsylvania at the former's gymnasium.

Columbia, with 12 straight, and N. Y. U., which has won 15, are the nation's only undefeated college basketball teams of recognized caliber.

Pennsylvania, with 7 defeats in 13 games this season, wasn't rated an alive threat, however, to a highly talented Columbia combination. Its top achievement was the early-season defeat of Holy Cross, ending the latter's two-year record at 26 straight.

Major interest tonight centered around the 28 points needed by Walt Budko to reach the 1,000 mark for four seasons of basketball at Columbia.

There are over 800 farms in the United States where the breeding of thoroughbred race horses is a business.

Jackie Robinson Expected To Sign Dodger Pact Soon

By LOU GARAVANTE
(International News Service Sports Writer)

NEW YORK, Feb. 12.—Branch Rickey, baseball's "great emancipator," is expected to announce among other things today—Lincoln's birthday—that he has signed Jackie Robinson, the major league's first Negro regular, to a 1948 contract.

The persuasive Dodger president, after an uneventful Chicago meeting with his "rookie of the year" some weeks ago, flew to Newport News on Monday where he discussed a contract with Robinson.

Robby, highly successful in his first year in the big leagues, reportedly has been seeking \$15,000 to play for Brooklyn this year. His play last year certainly was excellent but whether Rickey wants to part with that sum is a moot point.

Meanwhile, Rickey well-schooled in dealing with recalcitrant players, may have to continue his quest for 1948 contractees through the air.

In St. Louis, Pete ("No Crash-Helmet") Reiser has voiced a plaintive and resentful plea concerning Rickey's first offer.

The wall-happy ballhawk says that Rickey promised him an increase over last year's \$18,000 wages, but instead, the document that reached him bore the notation, salary: \$18,000.

Pistol Pete is very determined. He admits that it is too early to classify him a holdout, but declares that he will not leave his St. Louis residence until better terms are offered.

Bessemer Defeats New Wilmington

Bessemer Legion Will Battle Fast New Brighton Legion Tonight At Bessemer

The Bessemer Legion basketball team won a Legion league game from the New Wilmington team at the New Wilmington floor last night by a score of 59 to 42, with the following scoring stars: Paul Johnson 19, Bill Pelt 14, Tasota 12 and H. Johnson 10, and for New Wilmington, Chuck Elgin with 13 and Gilkey with 20.

Tonight at the Bessemer High floor the Bessemer Legion is taking on the strongest team in the Beaver valley, the New Brighton Legion at 8:15 o'clock.

The Bessemer Legion is currently leading the Legion league, it was reported, and has a mighty fine aggregation.

Titan Fools Costing Games

**Coach Grover Washabaugh
Worried Over Impending
Pitt Battle, Play
Bethany Tonight**

(Special To The News)

NEW WILMINGTON, Feb. 12.—If Grover Washabaugh, veteran coach at Westminster College, hears whistles in his sleep these nights he can hardly be blamed. With 16 games played the Titans have dropped six games at least three of which were largely due to loss of key men on personnel. Several victories were closer than they should have been if the Washabaugh boys had been able to maintain full strength.

Washabaugh does not blame the whistle tooters. His big boys seem to be over-eager. McCullough especially has been playing under a blanket all season due to his inability to avoid referee trouble. He is potentially one of Westminster's greatest stars but his inability to stay in the ball game the full time has been a consistent handicap.

The tendency to foul has Washabaugh particularly worried when he looks ahead to the Pitt game at Farrell, Saturday night. Pitt has small players who are fast. There will be a natural tendency to foul. If such men as McCullough and Dembinski are lost early in the contest then a Titan victory will be unlikely.

Westminster left at noon Thursday for Bethany, W. Va., for a game tonight on the Bethany College court.

Panther Rally Whips 'Gators

PITTSBURGH, Feb. 12.—(INS)—The Pitt Panthers came roaring down the stretch in the second half to snap a five game Allegheny College winning streak and defeat the gators 51-33 in a basketball game in Pittsburgh last night.

A small crowd of 1,048 saw the two squads fight to a half time draw at 23-23, before Pitt put the pressure on in the second half. Allegheny did not make a field goal in the last half until the 16:45 mark and scored only 10 during that period.

Sammy David's 14 points paced the Panthers to their eighth victory of the season against nine losses. The defeat was Allegheny's fourth to go with six wins.

Easier To Enter U. S. Navy Service

Chief Machinist's Mate S. E. Bond of the New Castle Navy recruiting station announced today that under new directives young men may now enlist in the U. S. Navy under new lower physical requirements and are eligible for the most elaborate and scientific educational training in the history of the U. S. Navy.

The modern naval ship is a highly technical machine requiring expert technicians in all phases of its operation. To provide these technicians the navy has over 80 of the finest specialty schools of their type in the world. For further information on this and other navy topics contact your navy recruiter in the Post Office building.

GLASS SANDWICH

TOLEDO, O.—(INS)—Provoked because he couldn't see through frosted store windows, C. D. Haven, a refrigeration engineer, had a "hot" idea one cold morning. His idea led to the invention of thermopane insulating glass—a "sandwich" composed of dry air hermetically sealed between two panes of glass.

Ethelbert, King of Kent, was the first of the Anglo-Saxon kings to become a Christian. He persuaded Pope Gregory to send St. Augustine to convert the English to the true faith. In 596, and built St. Paul's, London.

Price Climb Is Broken, Belief Of H. E. Stassen

PITTSBURGH, Feb. 12.—(INS)—Harold E. Stassen, a candidate for the Republican nomination for president, said Wednesday in Pittsburgh he believed the dangerous price climb in the United States has been broken.

The former Minnesota governor, in Pittsburgh to discuss his chances of nomination with Republican leaders, told a news conference: "If the government does not take some new, unwise action, the outlook is good for stable postwar economy. I am increasingly optimistic that we can avoid both a bubble boom and a depression crash."

Stassen, in addition to conferring with Western Pennsylvania GOP leaders, also will be the principal speaker at a Lincoln Day dinner in Greensburg, Pa.

Gives Birth To Son In Her Hotel Room
PITTSBURGH, Feb. 12.—(INS)—An 18-year-old Beaver Falls girl gave birth to a baby in the Tenth street hotel, Pittsburgh, at 11 a. m. Wednesday without the aid of a physician and less than 14 hours after she'd been hired as a chambermaid.

Two patrolmen, answering calls for aid, found the baby lying beside the mother, Ann Spearman, in her room. Nearby was a book of instructions and a razor blade used to perform the operation. The patrolmen took the infant, a boy, to a hospital. Both mother and baby were reported doing fine.

Maple Sugar Plantations In State Are Urged

HARRISBURG, Feb. 12.—(INS)—The establishment of maple sugar plantations to enhance the maple syrup industry in Penn- sylvania was recommended today by Gov. James H. Duff.

He told representatives of sugar tree growers launching a syrup processing business in the state that cutting of sugar trees for lumber should be halted and re- planting encouraged.

He said he would order propa- gation of the syrup producing trees by the state if an organized plan- tation system were deemed practical.

Ought To Be Encouraged
"I think we ought to encourage replanting of sugar trees," Duff stated. "We could tie it in with a program showing what sugar means to Pennsylvania. I've been thinking about it for some time and I'd like to take part in it."

Duff emphasized maple sugar groves should be established "in a way that would be recognized as an industry in Pennsylvania."

Vermont processors "have been trading on our reputation for a long time" by producing syrup from Pennsylvania maple sap and selling it as a Vermont product, he said.

Production Ahead of Vermont
Dr. E. L. Nixon of State College, advisor for the Pennsylvania Chain Store Council, told the governor Pennsylvania's sugar tree produc- tion was "way ahead of Vermont's."

Duff had his picture taken with two-year-old Susan Lehr, of Bos- well, Somerset county, blonde, blue-eyed maple sugar queen for the "infant" processing industry.

Also visiting Duff were repre- sentatives of the Potato Growers and Apple Growers Associations who said a marketing conference will be held soon to improve distribu- tion of Pennsylvania farm prod- ucts.

Find Thousands In Cellar; But Misery Follows
PHILADELPHIA, Feb. 12.—(INS)—If you think finding a wad of money in your cellar is lucky, just talk to the Benjamin Lieber- mans.

Benjamin Lieberman discovered \$92,800 in a cardboard box in his cellar last March and has had nothing but trouble ever since.

Immediately after finding the money Lieberman lost his job. People began to peer through the windows of his house and question his wife when she went shopping. And when the couple walked down the street people would lean out the windows and shout abusive re- marks.

All this began to get on their nerves until both the Liebermans were forced to go to the hospital.

There are now seven people con- testing ownership of the money and the Liebermans don't even want it any more. They just want to be left alone.

Seek To Settle Jurisdictional Building Strife

American General Contractors' As- sociation Meeting In Dallas, Tex.

DALLAS, Tex., Feb. 12.—(INS)—A plan for the settlement of jur- isdictional disputes in the buildings trades industry is being considered today by the American General Contractors' Association, meeting in Dallas.

The plan was suggested by Rich- ard J. Gray, president of the Build- ings and Construction Trades De- partment of the American Federa- tion of Labor. He said it had been under discussion with employer as- sociation for the past three months.

It provides that if no agreement in jurisdictional disputes is reached locally within 10 days, the dispute will be submitted to a na- tional joint board for settlement.

An impartial chairman will head the national board, and it will in- clude two representatives of labor and two of employers.

One member would represent general contractors and one spe- cially contractors in the industry.

The board's decisions would be final and binding on all parties.

The board chairman would be given power to name an industry and labor pool of 24 to assist him in rendering decisions in specific cases. None of the 24 could be connected in any way with the dispute.

Gray said the plan is pending final ratification of organizations to which it has been presented.

Reemployment Rights Remain For Service Men
PITTSBURGH, Feb. 13.—(INS)—Re-employment rights of former service men and women are not affected by the resolution passed by Congress terminating the war and national emergency, the vet- erans employment division of the U. S. Department of Labor at Pittsburgh has announced.

The resolution signed by Presi- dent Truman terminated the emer- gency as of July 25, 1947, but pro- visions for re-employment rights of veterans were not among the statutes listed in the resolution, the announcement stated.

The announcement also stated that men and women now enlist- ing in the armed services will not lose their re-employment rights under the resolution.
